*No. 3580T.R.—The 29th September 1905.*—In exercise of the power conferred by section 3 of the Glanders and Farcy Act, 1899 (XIII of 1899), the Lieutenant-Governor is pleased to apply the said Act to the Port of Calcutta, the River Hooghly and the channels leading to the said port, as defined in Government Notification No 54 (Marine), dated the 2nd March 1897.

*No. 3581T. R.—The 29th September 1905.*—In exercise of the power conferred by section 14 of the Glanders and Farcy Act, 1899 (XIII of 1899), the Lieutenant-Governor of Bengal is pleased to make the following rules for—

(1) the following municipalities:—

Calcutta,
North Barrackpore,
South Barrackpore,
Titaghur,
Panihati,
Kamarhati,
North Dum-Dum,
South Dum-Dum,
Baranagore,
Cossipore-Chitpur,
Maniktala,

(2) the area bounded on the north by the Municipality of North Dum-Dum, on the south by the Municipality of South Dum-Dum, on the east by the Belgachia-Barasat Road, and on the west by the Municipalities of Kamarhati and Baranagore;

except such parts of the said municipalities and area as are included within the Port of Calcutta, the River Hooghly and the channels leading to the said port, as defined in Government Notification No 54 (Marine), dated the 2nd March, 1897, published at page 326, Part I of the Calcutta Gazette of the 3rd idem.

1. In these rules,—

(1) "the Act" means the Glanders and Farcy Act, 1899 (XIII of 1899);
(2) "the hospital" means the Contagious Diseases (Animals) Hospital attached to the Bengal Veterinary College, Belgachia;
(3) "Inspector" means an Inspector appointed under section 4 of the Act;
(4) "Schedule" means a schedule annexed to these rules;
(5) "the Superintendent" means the Superintendent, or other officer in charge, of the Civil Veterinary Department, Bengal; and
(6) "Veterinary Practitioner" means a Veterinary Practitioner appointed under the Act.

*N.B.*—By virtue of section 20 of the General Clauses Act, 1897 (X of 1897), expressions used in these rules have the same meaning as in the Glanders and Farcy Act, 1899; consequently, the expression "diseased" has the meaning stated in section 2 (1) of the latter Act, and the word "horses" includes asses and mules—see section 2 (2) of that Act.

Control by Superintendent.

2. (1) The operation under the Glanders and Farcy Act, 1899, in the municipalities and area to which these rules apply, shall be under the direction of the Superintendent.

(2) All Inspectors and Veterinary Practitioners, and all members of the Veterinary Preventive Force appointed to assist Inspectors and Veterinary Practitioners in carrying out the purposes and objects of the Act, shall be under the control of the Superintendent.

Duties of owner or person in charge of diseased horse.

3. When any horse is diseased, the owner or person in charge thereof shall, in addition to giving information in accordance with section 10 of the Act,—

(a) if practicable, remove the horse to some isolated building within fifty yards of the stable, building, shed, enclosed place, open lines or other place where it has been standing, or to a remote part of such place, and
(b) keep the horse as far as possible away from other horses.

Entry and inspection by Inspector

4. (1) Whenever an Inspector has reason to believe that a diseased horse is to be found in any enclosure, field, building or other place, he shall enter such enclosure, field, building or place and search for and inspect such horse and all other horses (if any) therein.

(2) Every entry and inspection made by an inspector under this rule or under section 5 of the Act must be made in the presence of the person in charge of the place so entered and of the owner or person in charge of the horse, if he desires to attend.

(3) Before making any such entry the Inspector shall, if so required, produce his certificate of appointment.

(4) Every such certificate shall be in the form contained in Schedule I.

(5) When making any such entry, search and inspection, the Inspector may be accompanied by any other Inspector or any Veterinary Practitioner or any member of the Veterinary Preventive Force whom he may consider it necessary to take with him.

(6) The owner or person in charge of the horses shall give free access to the Inspector and the persons (if any) accompanying him, and shall in every way facilitate his search and inspection.

(7) If an Inspector has reason to believe that the owner or person in charge of a horse is absenting himself in order to evade the provisions of the Act or these rules, or meets with resistance or obstruction in making an entry, he may nevertheless make such entry if he be accompanied by not less than two members of the Veterinary Preventive Force.

Procedure when Inspector believes horse to be diseased.

5. (1) Whenever an Inspector has reason to believe, in consequence of proceedings taken under rule 3 or rule 4, that any horse is diseased, he shall seize such horse and deliver it to a member of the Veterinary Preventive Force, to be taken to a Veterinary Practitioner.

(2) If such Veterinary Practitioner certifies, under section 8 of the Act, that the horse is suffering from any disease other than glanders or farcy, he shall, as soon as possible, order it either—

(a) to be destroyed, or

(b) to be sent, with all due care for the prevention of contagion to other horses and to human beings, to the hospital, where it shall be dealt with under the Act and these rules; or

(c) to be otherwise treated or dealt with,

as he may deem necessary.

(3) Any horse so sent to the hospital may be detained therein for such time as the officer in charge may consider necessary, and may be submitted to any recognised test.

Presentation of documents after seizure of horse.

6. (1) When an Inspector seizes a horse, he shall present to the owner or person in charge of the horse a printed copy of these rules.

(2) If the Inspector is a Veterinary Practitioner, and if the horse is found on examination to be diseased, he shall also present to such owner or person a certificate in the form set forth in Schedule II.

(3) If the Inspector is not a Veterinary Practitioner, and if the horse is found on examination by a Veterinary Practitioner to be diseased, the Inspector shall, as soon as practicable, procure from such practitioner a certificate in the said form, and shall serve a copy of it on the said owner or person.

(4) If the said owner or person is absent at the time of seizure, the Inspector shall nail on to a prominent place with.n or near the premises where the seizure took place the documents hereinbefore mentioned.

Procedure when, after examination, a horse is not certified to be diseased.

7. (1) If, after completing the examination of a horse, the Veterinary Practitioner does not certify that the horse is diseased, the expenses incurred shall be debited to the Government.

(2) If the person entitled to the possession of the horse is not present to receive it under section 8 (2) of the Act, the Inspector shall forthwith serve upon him a notice, in the form contained in Schedule III, requesting him to remove the horse within a period of seven days from the date of the notice.

(3) The said notice may be served either personally or by leaving it at the last known residence or place of business of the person believed to be entitled to the possession of the horse; and in the latter case a copy of the notice shall be posted at the police-station within the local limits of which the horse was seized.

(4) If the horse is not removed within the aforesaid period of seven days, it may be—

(a) sold to defray expenses, in which case may balance that may remain after meeting all charges may be kept at the owner's disposal for two months, after which time it shall be the property of the Government; or

(b) sent to the Pinjrapole; or

(c) destroyed.

Destruction of horses.

8. If a Veterinary Practitioner certifies, under section 8 of the Act, that a horse is suffering from glanders or farcy, or if the destruction of a horse is ordered under rule 5 or rule 7, it shall be destroyed humanely in the presence of an Inspector, and the carcass shall be disposed of in the presence of a member of the Veterinary Preventive Force.

License for removal of horses.

9. (1) Licenses, under section 11 of the Act, for the removal of horses which have been with a diseased horse, shall be granted by the Inspector in the form contained in Schedule IV.

(2) The place to which horses shall be removed under any such license for isolation shall ordinarily be the hospital.

Precautions during transit of diseased horse or carcass.

10. When a horse or carcass which is diseased or believed to be diseased is about to be removed to another place for examination, slaughter cremation, burial or any other lawful purpose, the owner or, person in charge of the horse or carcass shall attach a suitable covering over the nostrils and to any part of the body from which contagious or infectious matter may escape, so as to minimise danger from contact during removal.

Control over diseased horses.

11. No person shall intentionally or negligently cause or permit any diseased horse to stray or to be worked, or, otherwise than in accordance with these rules, to be led or driven in a public throughfare, road, street or place.

Disposal of carcasses of diseased horses.

12. (*1*) If a diseased horse dies, the owner or the person in charge of it shall as soon as possible, and with all due care for the prevention of contagion to other horses and to human beings, cause the carcass to be taken to a suitable place, to be there burnt or buried or otherwise disposed of in the safest and most efficacious manner practicable.

(*2*) The means of disposal to be adopted shall be decided in each case by an Inspector, and shall be recorded in writing; and the work shall be carried out under the supervision of a member of the Veterinary Preventive Force.

Method of disinfection of buildings, &c., under section 9 of the Act.

13. (*1*) Whenever an Inspector issues a notice, under section 9 of the Act, to the owner or person in charge of a building, shed or other enclosed place or open lines, to have the same disinfected, such disinfection shall be regulated as follows, namely:—

(*a*) every piece of stable gear shall be destroyed by fire, except iron-work, which shall be made red hot;

(*b*) the roofs of buildings shall be well cleaned and freed from all dust and cobwebs;

(*c*) the walls shall be scraped, the wooden mangers and feeding boxes shall be burnt, and all woodwork which has been within reach of horses shall be carefully washed with soft soap and hot water, mixed with crude carbolic acid or phenyle in the proportion of one part of acid or phenyle to twenty parts of water;

(*d*) if the floor is of mud or brick, it shall be dug up for a depth of at least eight inches, and, if urine has percolated to a greater depth; to that depth; and fresh material shall be laid down;

(*e*) if the floor is of cement, and is in good repair, it shall be treated in the same way as the walls; but, if it is not in good repair, it shall be treated as provided in clause (*d*);

(*f*) all refuse derived from cleansing, and all dung, litter, straw, grass or hay, shall be taken to a suitable place and burnt; and any material left after burning shall be buried according to orders issued by an Inspector;

(*g*) all buildings shall be thoroughly white-washed with good lime and water to which five *per cent.* of crude carbolic acid or phenyle has been added;

(*h*) temporary stables of straw, grass or similar materials shall be pulled down, removed to a suitable place and burnt, the floor being treated in the manner prescribed in clause (*d*) or clause (*e*), as the case may be;

(*i*) the woodwork of carts shall be thoroughly scraped, washed with soap and hot water containing five *per cent.* of crude carbolic acid or phenyle, and exposed to the sun for two days, after which the treatment shall be repeated;

(*k*) the poles or shafts, dash-boards and other parts of carriages with which a diseased horse has come into contact shall be washed with soap and hot water containing five *per cent.* of crude carbolic acid or phenyle, the paint being scraped off and fresh paint being applied; and the other parts of such carriages shall be thoroughly washed with soap and hot water containing one part of crude carbolic acid or phenyle to twenty parts of water.

(*2*) Notwithstanding anything in clause (*1*), the Inspector may, for reasons recorded in writing, prescribe any method of disinfection which the special circumstances of a particular case may seem to him to require.

Examination of buildings, &c., after disinfection.

14. (*1*) All buildings and other places which have been disinfected under rule 13 shall, after disinfection, be examined by an Inspector.

(*2*) The owner or the person in charge of any such place shall give such Inspector all reasonable facilities for such examination.

(*3*) If the Inspector is not satisfied that the work of disinfecting any such place has been thoroughly done, he may pass such orders as he may consider necessary to secure the proper disinfection of such place, and the owner or person in charge thereof shall be bound forthwith to carry out such orders.

Recovery of expenses in dealing with diseased horse.

15. The expense of detaining, isolating and testing, under the Act or these rules, any horse which a Veterinary Practitioner has certified to be diseased shall be recovered from the owner or the person who was in charge of such horse:

Provided that the whole or any part of such expense may be remitted and debited to the Government by the Superintendent, if it is proved to his satisfaction that the debtor has executed promptly and thoroughly all the duties laid upon him by or under the Act or these rules:

Provided also that no charge shall be made for admission to the hospital or for food if the owner or the person who was is in charge of the horse himself provides food and an attendant.

Form of account.

16. Every account rendered under rule 15 to an owner or to a person who was in charge of a horse shall be prepared in the form contained in Schedule V, so far as it is applicable.

17. All sums due from any person under rule 15 shall be recoverable, on application to a Magistrate, as if they were fines.

Recovery of sums due.

18. In the event of obstruction, the Police shall be bound, on the written application of an Inspector, a Veterinary Practitioner or a member of the Veterinary Preventive Force, to render such officers such assistance as may be necessary to enable them duly to perform their duties under the Act and these rules.

Assistance by Police.

19. Every Inspector, and every member of the Veterinary Preventive Force, who is not a gazetted or a commissioned officer, shall, when on duty, wear a distinctive uniform prescribed for his Department:

Uniforms.

Provided that the Superintendent may, by written order, exempt any officer from compliance with this rule.

20. Whoever commits a breach of any of these rules shall be punishable with imprisonment for a term which may extend to one month, or with a fine which may extend to fifty rupees, or with both.

Penalty for breach of rule.

Yours faithfully,

*Inspector, C. V. D., Bengal.*

*No. 3582T.—R.—The 29th September 1905.*—In exercise of the power conferred by section 14 of the Glanders and Farcy Act, 1899 (XIII of 1899), the Lieutenant-Governor is pleased to make the following rules for the Port of Calcutta, the River Hooghly and the channels leading to the said port, as defined in Government Notification No. 54-Marine, dated the 2nd March 1897, published at page 326, Part I of the *Calcutta Gazette* of the 3rd idem.

1. In these rules,—

(*1*) "the Act" means the Glanders and Farcy Act, 1899 (XIII of 1899);
(*2*) "the head office" means the head office at the Bengal Veterinary College, Belgachia
(*3*) "the hospital" means the Contagious Diseases (Animals) Hospital attached to the Bengal Veterinary College, Belgachia;
(*4*) "Inspector" means an Inspector appointed under section 4 of the Act;
(*5*) "the Port" means the Port of Calcutta, and includes the River Hooghly and the channels leading to the said Port;
(*6*) "Schedule" means a schedule annexed to those rules;
(*7*) "the Superintendent" means the Superintendent, or other officer in charge, of the Civil Veterinary Department, Bengal; and
(*8*) "Veterinary Practitioner" means a Veterinary Practitioner appointed under the Act.

*N. B.*—By virtue of section 20 of General Clauses Act, 1897 (X of 1897), expressions used in these rules have the same meaning as in the Glanders and Farcy Act, 1899; consequently, the expression "diseased" has the meaning stated in section 2 (*1*) of the latter Act, and the word "horses" includes asses and mules—see section 2 (*2*) of that Act.

Control by Superintendent.

2. (*1*) The operations under the Act in the Port shall be under the direction of the Superintendent.

(*2*) All Inspectors and Veterinary Practitioners, and all members of the Veterinary Preventive Force appointed to assist Inspectors and Veterinary Practitioners in carrrying out the purposes and objects of the Act, shall be under the control of the Superintendent.

Duties of master and signaller on arrival of vessel off Saugor Island

3. Whenever a vessel with one or more horses on board arrives off Saugor Island,—

(*1*) the Master shall—

(*a*) report to the Pilot in charge of the vessel the fact of a horse or horses being on board; and
(*b*) hoist at the main or mizen mast, for the information of the Inspector on duty in the port (if any horse is from Queensland) Flag H, or (if none of the horses are from Queensland) Flag N; and
(*c*) keep the said flag flying until he is informed by the Inspector at Diamond Harbour that none of the horses are diseased; and

(*2*) the signaller at Saugor shall telegraph at once to the Inspector at Diamond Harbour and to the Superintendent the arrival of the vessel.

Delivery of copy of sections of Act.

4. The said Pilot shall deliver to the said Master a printed copy of sections 2, 10 and 11 of the Act, and the Master shall give such copy to the owner or person in charge of the said horse or horses.

Report of disease by Pilot or Police or Customs Officer.

If the said Pilot, or any officer or Police or of the Customs Department who goes on board the said vessel, has reason to believe that any horse on board is diseased, he shall at once give information thereof to—

(*a*) the Master of the vessel, and
(*b*) the Inspector on duty in the port

Suspension of disembarkation of horses.

6. If the Master of the said vessel has reason to believe that any horse on board is diseased, or if information that any such horse is diseased is given to him under rule 5, he shall prevent any horse from being disembarked until an Inspector has inspected all the horses on board.

Report when services of the Inspector on duty in the port are not available

7. If the services of the Inspector on duty in the port should not be immediately available, when required for the purposes of any of the foregoing rules, the Master shall give information in writing to the Inspector in charge of the 3rd division Port Police at the Kidderpore police-station.

Duty of officer in charge of Port Police on receiving information under rule 7.

8. Whenever any information is given to the officer of Police specified in rule 7, he shall at once forward the same in writing to the nearest Inspector.

Procedure where any officer of the Government suspects disease on landing.

9. (*1*) If any officer of the Government has reason to believe that any horse which is being landed or has been landed at any wharf, dock, bandar or other place is diseased, the person in charge of such horse shall, upon the requisition of such officer, keep the said horse, and all other horses (if any) landed with it, separate, at or near the spot where it has been landed, until an Inspector has inspected all the horses.

(2) The officer making such requisition shall forthwith give information to the officer of Police specified in rule 7, who shall cause the same to be taken down in writing, and shall at once forward the same in writing to the nearest Inspector.

Entry of vessel by Inspector.

10. (1) Whenever an Inspector has reason to believe that a diseased horse is to be found on board any vessel in or about to enter the Port, he shall enter such vessel and search for and inspect such horse and all other horses (if any) on board such vessel.

(2) Every entry upon and search of a vessel, and every inspection of horses, made by an Inspector under this rule or under section 5 of the Act, must be made in the presence of the Master or some other officer of the vessel, and of the owner or person in charge of the horses, if he desires to attend.

(3) Before making any such entry the Inspector shall, if so required, produce his certificate of appointment.

(4) Every such certificate shall be in the form contained in Schedule I.

(5) When making any such entry, search and inspection, the Inspector may be accompanied by any other Inspector or any Veterinary Practitioner or any member of the Veterinary Preventive Force whom he may consider it necessary to take with him.

(6) The Master and every officer of such vessel, and the owner or person in charge of the horses on board, shall give free access to the Inspector and the persons (if any) accompanying him, and shall in every way facilitate his search and inspection.

Procedure when Inspector believes horse to be diseased.

11. (1) Whenever an Inspector has reason to believe that any horse on board a vessel in the port is diseased, he shall seize such horse and deliver it to a member of the Veterinary Preventive Force, to be taken to a Veterinary Practitioner.

(2) If such Veterinary Practitioner certifies under section 8 of the Act that the horse is suffering from any disease other than glanders or farcy, he shall, as soon as possible, order it either—

(a) to be destroyed, or

(b) to be sent, with all due care for the prevention of contagion to other horses and to human beings, to the hospital, where it shall be dealt with under the Act and these rules; or

(c) to be otherwise treated or dealt with,

as he may deem necessary.

(3) Any horse so sent to the hospital may be detained therein for such time as the officer in charge may consider necessary, and may be submitted to any recognized test.

Presentation of documents after seizure of horse.

12. (1) When an Inspector seizes a horse under section 6 of the Act, he shall present to the Master of the vessel, or to the owner or person in charge of the horse, a printed copy of these rules.

(2) If the Inspector is a Veterinary Practitioner, and if the horse is found on examination to be diseased, he shall also present to such owner or person a certificate in the form set forth in Schedule II.

(3) If the Inspector is not a Veterinary Practitioner, and if the horse is found on examination by a Veterinary Practitioner to be diseased, the Inspector shall, as soon as practicable, procure from such practitioner a certificate in the said form, and shall serve a copy of it on the said Master, owner or person.

(4) If the said Master, owner or person is absent at the time of the seizure, the Inspector shall nail on to a prominent place on the vessel the documents hereinbefore mentioned.

Procedure when, after examination, a horse is not certified to be diseased.

13. (1) If, after completing the examination of a horse, the Veterinary Practitioner does not certify that the horse is diseased, the expenses incurred shall be debited to the Government.

(2) If the person entitled to the possession of the horse is not present to receive it under section 8 (2) of the Act, the Inspector shall forthwith serve upon him a notice, in the form contained in Schedule III, requesting him to remove the horse within a period of seven days from the date of the notice.

(3) The said notice may be served either personally or by leaving it at the last known residence or place of business of the person believed to be entitled to the possession of the horse; and in the latter case a copy of the notice shall be posted at the police-station within the local limits of which the horse was seized.

(4) If the horse is not removed within the aforesaid period of seven days, it may be—

(a) sold to defray expenses, in which case any balance that may remain after meeting all charges may be kept at the owner's disposal for two months, after which time it shall be the property of the Government; or

(b) sent to the Pinjrapole; or

(c) destroyed.

Destruction of horses.

14. If a Veterinary Practitioner certifies under section 8 of the Act that a horse is suffering from glanders or farcy, or orders, under rule 11, that a horse certified to be suffering from any other disease be destroyed, or if the destruction of a horse is ordered under rule 13, it shall be destroyed

humanely in the presence of an Inspector, and the carcass shall be disposed of in the presence of a member of the Veterinary Preventive Force.

License for removal of horses.

15. (*1*) Licenses under section 11 of the Act for the removal of horses which have been with a diseased horse shall be granted by the Inspector in the form contained in Schedule IV.

(*2*) The place to which horses shall be removed under any such license for isolation shall ordinarily be the hospital.

Precautions during transit of horse or carcass.

16. When a horse or carcass which is diseased, or believed to be diseased, is about to be removed to another place for examination, slaughter, cremation, burial or any other lawful purpose, the owner or person in charge of the horse or carcass shall attach a suitable covering over the nostrils and to any part of the body or carcass from which contagious or infectious matter may escape, so as to minimize danger from contact during removal.

Disposal of carcasses of diseased horses.

17. (*1*) If a diseased horse dies, the owner or the person in charge of it shall, as soon as possible, and with all due care for the prevention of contagion to other horses and to human beings, cause the carcass to be taken to a suitable place, to be there burnt or buried or otherwise disposed of in the safest and most efficacious manner practicable.

(*2*) The means of disposal to be adopted shall be decided in each case by an Inspector, and shall be recorded in writing; and the work shall be carried out under the supervision of a member of the Veterinary Preventive Force.

Methods of disinfection of vessel under section 9 of the Act.

18. (*1*) Whenever an Inspector issues a notice under section 9 of the Act to the Master or the officer in charge of a vessel, to have the same disinfected, such disinfection shall be regulated as follows, namely:—

(*a*) all refuse derived from cleansing, and all dung, litter, straw, grass or hay, shall be taken to a suitable place and burnt; and any material left after burning shall be burried according to orders issued by an Inspector;

(*b*) every piece of stable gear connected in any way with a diseased horse, including feeding-troughs, pails and battens, shall be destroyed by fire, except iron-work, which shall be made red hot;

(*c*) every part of the vessel which has been within reach of a diseased or suspected horse shall be thoroughly scraped.

(*d*) in the case of a steam vessel,—

(*i*) the steam hose superheated shall be turned on and carefully applied to every part of the deck, hold or other place which has been occupied by any horse;

(*ii*) the deck, hold or other place shall then be washed with soft soap and hot water, mixed with crude carbolic acid or phenyle in the proportion of one part of acid to twenty parts of water; and

(*iii*) the said place shall then be freely ventilated;

(*e*) in the case of a sailing ship, or of a steam-ship unprovided with a steam hose, the procedure prescribed in clause (*d*) shall be adopted, except that scrubbing with hot water may be substituted for the use of a steam hose.

(*2*) Notwithstanding anything in clause (*1*), the Inspector may, for reasons recorded in writing, prescribe any method of disinfection which the special circumstances of a particular case may seem to him to require.

Examination of vessel by Inspector, after disinfection.

19. (*1*) Every vessel which has been disinfected under rule 18 shall, after disinfection, be examined by an Inspector.

(*2*) The Master or officer in charge of any such vessel shall give such Inspector all reasonable facilities for such examination.

(*3*) If the Inspector is not satisfied that the work of disinfecting any vessel has been thoroughly done, he may pass such orders as he may consider necessary to secure the proper disinfection of the vessel, and the Master or officer in charge of the vessel shall be bound forthwith to carry out such orders.

Recovery of expenses in dealing with diseased horse.

20. The expense of detaining, isolating and testing, under the Act or these rules, any horse which a Veterinary Practitioner has certified to be diseased shall be recovered from the owner or the person who was in charge of such horse, according to the following scale, namely:—

(*a*) a fee of one rupee for admission to the hospital;

(*b*) four annas a day for food; and

(*c*) in the event of slaughter or death, a fee of two rupees for disposing of the carcass:

Provided that the whole or any part of such expense may be remitted and debited to the Government by the Superintendent, if it is proved to his satisfaction that the debtor has executed promptly and thoroughly all the duties laid upon him by or under the Act or these rules:

Provided also that no charge shall be made for admission or for food if the owner or the person who was in charge of the horse himself provides food and an attendant.

21. Every account rendered under rule 20 to an owner or to a person who was in charge of a horse shall be prepared in the form contained in Schedule V, so far as it is applicable.

*Form of account.*

22. All sums due from any person under rule 20 shall be recoverable, on application to a Magistrate, as if they were fines.

*Recovery of sums due.*

23. In the event of obstruction, the Police shall be bound, on the written application of an Inspector, a Veterinary Practitioner, or a member of the Veterinary Preventive Force, to render such officers such assistance as may be necessary to enable them duly to perform their duties under the Act and these rules.

*Assistance by Police.*

24. Every Inspector, and every member of the Veterinary Preventive Force, who is not a gazetted or commissioned officer, shall when on duty, wear a distinctive uniform prescribed for his department:

*Uniforms.*

Provided that the Superintendent may, by written order, exempt any officer from compliance with this rule.

25. Whoever commits a breach of any of these rules shall be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to fifty rupees, or with both.

## IRRIGATION DEPARTMENT.

*The 4th September 1905.*

*No. 22.—Notification.*—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905 :—

W. A. INGLIS,
*Secy. to the Govt. of Bengal.*

### PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly ;
(2) the river Hooghly, from Nadia to its junction with the river Mathabhanga ;
(3) the river Jalangi, from the Ganges to Nadia ;
(4) the river Bhairab, from the Ganges to Nadia ;
(5) the river Mathabhanga, from the Ganges to its junction with the Hooghly ;
(6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhanga rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows :—

*Class I.*—To include all vessels of the usual native types of build.

*Class II.*—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements :—

*Class I.*—

(*a*) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

(*c*) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

*Class II.*—

(*d*) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

(*e*) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

(*f*) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged : provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself : provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M and 5 P.M.

## EXISTING RULES.

The following Rules having reference to the undermentioned navigable channels, viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
(2) the river Hooghly, from Nadia to its junction with the river Matabhanga;
(3) the river Jallanghi, from the Ganges to Nadia;
(4) the river Bhairab, from the Ganges to Nadia;
(5) the river Matabhanga, from the Ganges to its junction with the Hooghly;
(6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively,

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.), and will have effect from and after the 1st September 1879.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

(*a*) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depths from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(*c*) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.

(*d*) In the case of steamers, the tonnage as determined by clauses (*a*), (*b*) and (*c*) shall be reduced by one-half as an allowance for engine and cabin space.

(*e*) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

19. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghât without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item I of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (*a*) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(*b*) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(*c*) The person in charge of a vessel approved as in clause (*b*) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (*a*) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(*b*) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (*a*) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

## EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each oar of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(*b*) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the bandalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 27 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

23. No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers. And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following.

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls. This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation.

21. Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III). In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector.

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due on account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue.

26. The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station. The certificate shall mention the date of passing. It will be attached as a voucher to the bill, which will be presented for payment to the owners or agents of the vessel by the officer in Calcutta authorised to receive payment thereof.

PROPOSED RULES.

30. For any contravention of Rules 4, 7(*c*), 16, 17, 19, 20, 22, 23, 27, 29, or of any notice issued thereunder, the person in charge of the vessel, or other person in fault, shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

## EXISTING RULES.

24. For every vessel or raft, or fleet of vessels or rafts, and for every timber which shall pass into, or out of, or through, any of the Nadia Rivers in violation of Rules 22 and 23, the owner thereof or the person in charge shall, on conviction by a Magistrate under section 18 of the "Canals Act, 1864," be punishable by a fine not exceeding Rs. 10 for each vessel, raft, or timber in excess of the number authorized, besides being subjected to the payment of the prescribed toll on the same. The payment of the toll shall, if necessary, be enforced in the manner described in section 9 of the "Canals Act, 1864."

27. Refusal to pay the toll on steamers or floats, except on those which are furnished with a certificate under Rule 25, or evasion, or attempt at evasion, of such payment, will be dealt with under sections 9 and 10 of the "Canals Act, 1864;" except that, instead of the vessel being seized and detained as directed in section 9, any separate cargo or stores, the sale proceeds of which will be sufficient to defray the amount of toll that should be paid, and which can, without inconvenience or danger to itself or to the rest of the cargo, be taken out of the vessel, shall be so taken out and detained, and subsequent proceedings shall be taken thereon as directed in section 9.

28. Any person who may without just cause refuse to pay any toll demanded of him by officers of the toll establishment, or who may evade, or attempt to evade, any such toll, or who may be a party to the transfer, or attempted transfer, of any ticket or pass, or who may without reasonable cause neglect or refuse to place his vessel in any situation in which he may be required by the Toll Collector to place it, or who may without reasonable cause neglect or refuse to remove his vessel from the measuring ghât after measurement, or unload cargo without the permission of the Toll Collector, shall be punishable under section 10 of Act V of 1864 (B.L.C.), on conviction before a Magisteate, with a fine which may amount to Rs. 50, or with simple imprisonment in lieu of fine which may extend to one month.

29. Any person who shall without sufficient excuse, neglect or refuse to produce, when called upon by the Toll Officers, or by any other person whose duty it may be to check the collection of tolls on the rivers, any ticket or pass which he may be required by these rules to produce, shall be liable to pay tolls whether he shall or shall not have previously paid them, and shall also be liable to a fine under section 10 of the Canals Act which may amount to Rs. 50.

30. Complaints against the conduct of the subordinate officers and enquiries for information must be preferred to the Toll Collector.

## ORISSA DIVISION AND THE ORISSA TRIBUTARY MAHALS.

### OFFICE MEMORANDUM OF THE INSPECTOR OF SCHOOLS, ORISSA DIVISION.

*Rules for appearing at the F.A. and B.A. examinations in 1906 for candidates from the Orissa Division and the Orissa Tributary Mahals who are not students of any affiliated institution.*

DEPUTY INSPECTORS OF SCHOOLS, Sub-Inspectors of Schools and *bonâ-fide* teachers of recognized English schools who have served as such for the full period of two academical years, or for a term of six months after an examination of the same class last held by the University in the case of those only who were admitted to a former examination of that class will be admitted to the abovementioned examinations. All applications from school-masters should be accompanied by certificates of length of service from the Secretaries of the schools in which they are employed, and should reach this office not later than the 5th January 1906. The application of a school-master for permission to appear at the F.A. or B.A. examination should be signed by him in the presence of the Secretary or a member of the Managing Committee of the school in which he is employed. The application should be forwarded to the office of the Inspector of Schools, Orissa Division, for countersignature, together with the Registrar's receipt to prove, if this be the case, that the candidate has appeared at the examination in a previous year, and the certificate in proof of his having passed the Entrance or F.A. examination as the case may be. Such papers will be sent back to him (the candidate) who will have to send them, together with the examination-fee, to the Registrar of the University direct.

2. Candidates should read carefully the form of the certificate which the Inspector of the Division will sign, and should be careful to supply all information and documents required, including the Registrar's receipt, in the case of those who have been admitted to a former examination of the same class, without which the Inspector must decline to sign the certificate applied for.

3. By *bonâ-fide* teachers of schools are to be understood teachers who hold regularly-paid appointments in English schools teaching at least the Middle English course.

4. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A. or M.A. examination of the University of Calcutta, other than as regular students of some affiliated college, are requested in the first instance to apply for and obtain the permission of the Senate. Their applications cannot be accepted unless they are supported by the permission of the Senate.

### UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE STUDENTS.

1. Private students are those who do not appear from any school, or who have been transferred from one school to another after the 31st August without the consent of the Inspector.

2. The term "Private students" includes School-Masters.

3. Private students must appear at the test-examination of any one of the undermentioned schools on dates to be fixed by Head Masters:—

| | |
|---|---|
| (1) Ravenshaw Collegiate School (with the permission of the Principal of the College). | (2) Balasore Zilla School<br>(3) P. M. Academy.<br>(4) Puri Zilla School. |

4. Every private candidate must satisfy the following conditions:—

(*a*) That he has not failed at the test-examination of any Entrance school in the current session.

(*b*) That he has not failed to gain promotion to the first class of any Entrance school at the results of the annual examination of the second class in the last session.

(*c*) That he has left the school in which he last read with a transfer certificate, or (in case of a failed student) is in possession of the Registrar's receipt.

5. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he is to appear for the examination.

6. He must arrange for his identification to the officer conducting the test-examination, and he should satisfy the Head Master as to his character, if necessary.

7. The Head Masters of the abovenamed schools are requested to sign the application forms of candidates whom they recommend for presentation, and to forward with the application forms the marks gained by such candidates at the test-examination. The undersigned will use his discretion in countersigning the forms submitted to him. Private candidates should make their own arrangements to remit their examination-fees and application forms to the Registrar of the Calcutta University.

*1st.*—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary or to plough the land nearer than 3 feet from the same.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold revenue-free to the highest bidders.

*5th.*—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

## ARABIA, NORTH-EAST COAST—Persian gulf.

*Caution.—Busra river.—A sunken buggalow reported.*

*No. 385 (first publication).*—His Britannic Majesty's Consulate-General reports that information has been received from the Master of the S. S. *Hensada* that a buggalow has been sunk in the Busra river, abreast of the Quarantine Station, and is considered dangerous to navigation.—Mariners are accordingly warned.

CHINA—Hongkong waters.

*Wan chu chau—Rock in anchorage, north-eastward.*

*No. 368 (second publication).*—The British Admiralty has given notice (No. 844 of 1905) of the existence of a rock, with a depth of one fathom over it, in the Typhoon anchorage, north-eastward of Wan chu chau or Stone cutters island, situated in a position from which the sheers at the Cosmopolitan dock bear S. 47° E., distant 6¼ cables, and the northern extremity of Wan chu chau S. 75° W.

Approximate position, lat. 22° 19¾′ N., long. 114° 9′ E.

(*Variation Nil in 1905.*)

*This Notice affects the following Admiralty Charts:—Macao to Pedro Blanco, No. 3026; approaches to Hongkong, No. 1180; Hongkong, No. 1466; Hongkong waters, No. 3280: Also, China Sea Directory, vol. III, 1904, page 69.*

## KOREA, EAST COAST—Urusan ko (Commemoration bay).

*Position of rock in approach.*

*No. 374 (second publication).*—With reference to Notice to Mariners, No. 292, dated 20th June 1902, issued by this office, the British Admiralty has given further notice (No. 872 of 1905) that an examination of the rock reported by the Master of the S. S. *Okunimaru*, in the approach to Urusan ko (Commemoration bay), shows that it has two heads close together, with a depth over them of 5 feet, but that it is much closer to the coast than originally stated, being situated about half a mile from a point named Kanjiriku, in approximately, on Chart No. 2347, lat. 35° 21′ N., long. 129° 23¼ E. This rock, which is now named Seiupao, is long and narrow, extending about 20 yards in a north-westerly and south-easterly direction, and is surrounded by depths of from 8 to 10 fathoms; its position is indicated by a crested wave when the sea is not smooth and by breakers in rough weather.

There is a pinnacle rock named Poruraku tori, with a depth of 1½ fathoms over it, and from 6 to 10 fathoms around it, situated at a distance of three-quarters of a mile S.-W. from the above rock.

## CHINA, EAST COAST—Namoa island.

*Shoal to the eastward.*

*No. 365 (third publication).*—The British Admiralty has given notice (No. 838 of 1905) of the existence of a rock, with a depth of 23 feet over it at low-water springs, situated to the eastward of Namoa island, in a position from which High Lamock island light bears S. 7° W., distant 11¼ miles, and North point, Namoa island, N. 73° W.

Approximate position, lat. 23° 26′ N., long. 117° 19′ E.

This rock, which is marked by tide rips during the strength of the tide, has depths of from 8 to 10 fathoms around it, and its position is given with respect to the above-mentioned

objects as shown on the existing Chart, but as they are not relatively correct, Mariners should not pass within half a mile of the charted position of this rock.

## REPORT ON THE ROAD AND PUBLIC WORKS CESS OPERATIONS OF THE LOWER PROVINCES FOR THE YEAR 1904-1905.

### NOTIFICATION.

*No. 468½T.R.P.—The 28th September 1905.*—The following extracts from the Report of the Board of Revenue on the Road and Public Works Cess operations in the Lower Provinces for the year 1904-1905 are published for general information.

E. A. GAIT,

*Offg. Secy. to the Govt. of Bengal.*

No. 5358A., dated Calcutta, the 28th August 1905.

From—S. L. MADDOX, Esq., Offg. Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

Rate, land revenue demand and gross rental.

3. Both cesses were levied at the maximum rate of one anna in the rupee in the 43 districts in which the Cess Act, IX (B. C.) of 1880, is in force. The current demand of land revenue of these districts was Rs. 4,01,38,184, and the valuation, or gross rental, amounted to Rs. 18,12,99,084.

Demands, collections, balances and remissions.

4. In the following table the demands, collections, balances and remissions of the year are compared with the two preceding years:—

| Year. | Demand | | | Collections. | Percentage of total collections on current demand. | Balance. | Percentage of the balance on the total demand. | Remissions. |
|---|---|---|---|---|---|---|---|---|
| | Current. | Arrear. | Total. | | | | | |
| | Rs. | Rs. | Rs | Rs. | | Rs. | | Rs. |
| 1902-1903 ... | 95,94,201 | 16,70,927 | 1,12,65,128 | 96,34,504 | 100·4 | 16,39,104 | 14·5 | 67,751 |
| 1903-1904 ... | 98,41,734 | 16,29,013 | 1,14,70,747 | 97,68,192 | 99·2 | 17,12,989 | 14·9 | 76,434 |
| 1904-1905 ... | 1,00,05,005 | 17,01,539 | 1,17,06,544 | 1,00,45,308 | 100·4 | 16,63,454 | 14·2 | 71,037 |

The increase of Rs. 1,63,271 in the current demand, as compared with the previous year, was mainly due to revaluations in the districts of Rangpur (Rs. 47,403), Noakhali (Rs. 39,365), Gaya (Rs. 28,842), Rajshahi (Rs. 17,267) and Hazaribagh (Rs. 16,400). It is satisfactory to note that with the large increase in the current demand there was an increase in collections by Rs. 2,77,114, giving a percentage of 100·4 against 99·2 in the preceding year. The balances were reduced from Rs. 17,12,989 to Rs. 16,63,454 and the percentage of the balance on the total demand from 14·9 to 14·2. The remissions and reductions which amounted to Rs. 71,037, against Rs. 76,434, were chiefly granted in the districts of Burdwan, the 24-Parganas, Nadia, Khulna, Rangpur, Noakhali and Gaya and call for no special remarks.

5. The districts are grouped in two classes:—(i) those in which the collections attained the prescribed standard of 100 per cent. or more on the current demand, and (ii) those in which the collections were short of that standard. The marginally-noted districts fall under class (i), and in their case no explanation is necessary. In the first seven districts the percentage of collections was more than 105. Of the 21 districts in which the percentages did not reach the standard, explanations in regard to Chittagong (99·6), Monghyr (99·6), Bogra (99·4), Muzaffarpur (99·4), Birbhum (99·2), Murshidabad (99·1), Malda (99·1), Hooghly (98·9), Saran (98·6), Purnea (98·2), and Backergunge (98·1) may be dispensed with as they attained percentages in excess of 98.

Working of the Certificate procedure.

7. The total number of certificates filed for the realization of cess arrears was 95,759, against 95,037 in the preceding year. The increase was shared by the Burdwan, Chittagong, Presidency, Chota Nagpur, and Orissa Divisions, while there was a decrease in the Patna, Dacca, Bhagalpur, and Rajshahi Divisions. The increase in Hooghly, Midnapore, the 24-Parganas, Murshidabad, Jessore, Backergunge, Chittagong, Tippera, Bhagalpur, Puri and Palamau was due to the filing of certificates for accumulated petty arrears of cesses to avoid limitation, and in Cuttack to the increase in the cess demand of the recent revaluation, which came into effect from 1st April 1903, and to the filing for the first time of certificates for revenue-free estates. The increase in the districts of Shahabad and Muzaffarpur was the result of the energetic measures taken for the recovery of the arrear demand. In Hazaribagh, the issue as a special case of certificates on the holders of rent-free lands for arrears exceeding Re. 1 increased the number of cases from 326 to 500. The cases disposed of were in advance of the institution in all the Divisions, except Presidency, Rajshahi and Chittagong. It is reported that the Burdwan Certificate Department was thoroughly overhauled during the year, and was twice inspected by the Collector. The changes introduced by him have led to an improvement in the working of the Department, and the percentage of disposal has risen from 42·2 to 74·0,

Mr. Carey, the late Collector of Hooghly, also paid particular attention to the administration of this Department. The percentage of disposal in that district rose from 61·4 to 68·9 as compared with the preceding year, and that of pending cases was reduced from 38·5 to 31·0.

The total number of certificates for the whole Province pending at the close of the year shows a reduction as compared with the previous year, the percentage on the total number for disposal being 18·5 against 20·6.

Objections against certificates.

8. The total number of objections filed and disposed of was 6,320 and 6,278, against 6,525 and 6,359, respectively, in the previous year. The largest number of objections disposed of was in the districts of Shahabad (1,325), Saran (973), Burdwan (590) and Gaya (512). In 705 cases, against 660 in the preceding year, the certificates were cancelled for such reasons as the death or desertion of judgment-debtors, exemption of lands lying within municipal limits, double assessments, non-registration of names of holders of rent-free lands, errors in the Land Registration Registers and wrong entries in the ledgers. The number of cases in which reductions were made in the amount certificated decreased from 432 in 1903-1904 to 228.

Stage of procedure at which demands were satisfied.

9. In 24,799 cases, against 25,738 in 1903-1904, arrears were recovered on the mere issue of notices; in 38,601 against 33,360 on the issue of notices for sale of defaulters' moveable properties; and in 16,371 against 18,950 on the issue of notices for the sale of defaulters' immoveable properties. Of the total number of sales (2,610 against 2,732 in 1903-1904), 1,068 against 1,158 were set aside under sections 20 and 21 of the Public Demands Recovery Act I (B.C.) of 1895, as amended by Act I (B.C.) of 1899.

The highest number of sales set aside was in the districts of Darbhanga (187), Muzaffarpur (151), Patna (112), Monghyr (97), Shahabad (79), Saran (60) and the 24-Parganas (59).

Gross rental.

15. The road-cess was first assessed under Act X (B.C.) of 1871 in 40 districts, at a gross rental or valuation of Rs. 13,11,68,432. Subsequently the districts of Khulna and Palamau were created and the Cess Act, IX (B. C.) of 1880, was extended to them and to parganas Dhalbhum and Porahat in Singhbhum. In the Sonthal Parganas in which the Act is being gradually introduced, the valuation of some recently resettled estates was completed and given effect to from the beginning of the current financial year. The gross rental shows an increase from Rs. 17,84,20,533 in 1903-1904 to Rs. 18,12,99,084, or of Rs. 28,78,551, which was chiefly due to valuations and revaluations.

Merits of officers.

17. The following Deputy Collectors who were in charge of the Cess Department for the whole year have been favourably mentioned:—

Babu Rai Charan Ghosh, 24-Parganas.
,, Hari Pada Bhattacharjya, Burdwan.
,, Jogendro Nath Chuckerbutty, Manbhum.

In the districts mentioned against the names of these officers the collections were above the standard of 100 per cent. on the current demand fixed by Government.

The good work of the following Revaluation Officers has also been brought to the notice of the Board:—

Maulvi Syed Mujibur Rahman, Malda.
Babu Har Sahay Lal, Champaran.

# REPORT ON THE ADMINISTRATION OF THE EXCISE DEPARTMENT IN THE LOWER PROVINCES, BENGAL, DURING THE YEAR 1904-1905.

## NOTIFICATION.

*No. 472T.-S.R.—The 29th September 1905.*—The following extracts from the Report of the Commissioner of Excise, Bengal, on the Administration of the Excise Department in the Lower Provinces of Bengal, during the year 1904-1905, and from the letter from the Board of Revenue reviewing the Report, are published for general information.

E. A. GAIT,
*Offg. Secy. to the Govt. of Bengal.*

No. 6003B., dated Calcutta, the 24th August 1905.

From—J. T. RANKIN, Esq., I.C.S., Offg. Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed by the Board of Revenue to submit the accompanying report received from the Commissioner of Excise, Bengal, on the administration of the Excise Department during the year 1904-1905.

*Member in charge:*
THE HON'BLE MR. K. G. GUPTA, I.C.S.

2. The results of the year's operations may be thus summarised. The total receipts amounted to 168 lakhs (an increase of five lakhs over the receipts of the year before), of which 143 lakhs or 85 per cent. were contributed by the three principal sources of revenue, viz.: (1) country spirit, (2) *ganja*, and (3) opium. The following table shows the consumption of, and revenue from, each of the three articles mentioned above in the years 1903-1904 and 1904-1905:—

| YEAR. | COUNTRY SPIRIT. | | | | | | GANJA. | | | OPIUM. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | OUTSTILLS. | | | DISTILLERY LIQUOR. | | | | | | | | |
| | Number of licenses. | Total receipts. | Incidence per license. | Consumption in gallons L. P. | Total receipts. | Incidence per gallon, L.P. | Consumption in maunds reduced to *chur*. | Total receipts. | Incidence per maund. | Consumption in maunds. | Total receipts. | Incidence per maund. |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 |
| | | Rs. | Rs. | | Rs. | Rs. | | Rs. | Rs. | | Rs. | Rs. |
| 1903-04 ... | 2,145 | 40,13,222 | 1,871 | 692,664 | 38,90,440 | 5·6 | 3,093 | 33,31,782 | 334·6 | 2,258 | 25,92,692 | 1,147·9 |
| 1904-05 ... | 2,154 | 42,93,310 | 1,993 | 700,100 | 39,74,582 | 5·7 | 3,762 | 34,60,787 | 919·9 | 2,235 | 25,77,594 | 1,153·3 |

The incidence of taxation was higher than in the year before in all cases. *Ganja* yielded a larger revenue on a smaller consumption, and the increase in the consumption of distillery liquor amounted to 1 per cent. only. Opium shows a falling off both in consumption and revenue. The average license fee for an outstill was also higher than in the preceding year.

4. The Commissioner of Excise does not view with complacence the decrease in the number of licenses issued in Calcutta at the last triennial settlement. A reduction has been made in the number of shops for the sale of intoxicating liquors in Calcutta with reference to the representation made by the local Temperance Federation, it having been found that there were some areas where facilities for obtaining alcoholic liquors were in excess of requirements.

5. The numerous instances of closing shops or removing them to less objectionable sites show that due regard was paid to all reasonable complaints.

6. The Commissioner of Excise discusses the difficulty of obtaining suitable sites for shops for the sale of country spirits in Calcutta, and is in favour of the acquisition of sites and the construction by Government of buildings for such shops. Apart from the fact that any such measure is likely to lay the Government open to the reproach of directly participating in the liquor traffic, there are obvious economic objections to which due weight has not been given. The alternative suggested by Mr. Geake was to induce the owners of buildings which are now used as country spirit shops to make the agreements coterminous with the periods of the licenses, and when the licenses fall in,

to lease the buildings to the successful bidders at the next auction. This question was discussed at a recent Conference held under the presidency of the Member in charge to define the relative powers of the Commissioner of Police, Calcutta, and the Commissioner of Excise, with reference to objectionable sites and structural defects of excise shops in Calcutta, and it was decided that an attempt should be made in this direction before the next triennial settlements. There is no doubt that the difficulty of securing unobjectionable sites, which is further aggravated by the opposition of old licensees, very prejudicially affects free competition.

7. The figures quoted by the Commissioner of Excise show that undue facilities are not afforded in Bengal for the consumption of country spirits, as the shops are few in number and widely apart as compared with the other Provinces. He is in favour of a general increase in the number of shops, but so long as there are no illicit dealings and no genuine demand for additional shops, it must be taken for granted that the existing number is sufficient. The fact that the area and population served by each shop in Bengal are much larger than in the other Provinces does not, by itself, constitute a reason for any increase in Bengal. Local conditions vary so widely even within the Province that it would be impossible to allocate shops to the several districts according to the area and population of each district. Thus in Noakhali there were over a lakh of persons to each country spirit shop, while the number in Palamau was about 5,000 only. The population of the former district is mainly Muhammadan, while in the latter district, Hindus and aboriginal tribes, who indulge more largely in drink, predominate. The Board cannot view with favour any proposal for generally increasing the number of shops.

8. During the year under report the quantity of Madras rum consumed was nearly four times as large as in the previous year. The Commissioner of Excise does not offer any explanation of this large increase, though it appears from his remarks that it was partly due to importations on account of Government.

11. The practice of using *kuchla* seeds (nux vomica) or any other poisonous substance in the preparation of *pachwai* should be firmly put a stop to.

12. Considerable improvement has been made in the system of supervision and control over the manufacture and storage of *ganja* in Rajshahi, and the higher average outturn in two successive years is a guarantee that the cultivators can no longer keep back any large quantities out of the produce of their fields. The Commissioner of Excise thinks that regular smuggling still goes on, but Mr. Rainy, who was deputed in the season of 1904 to supervise the manufacture and storage of *ganja* and who made careful enquiries on the subject, reported that there was no large and systematic smuggling from Naugaon, and the measures which have since been adopted are all in the direction of checking illicit dealings.

13. Hitherto four recognized varieties of *ganja* have been manufactured in Bengal from the same plant, and duty on these kinds has been levied at different rates proportionate to their supposed narcotic value. But the endeavours to regulate the rates of duty in this way were not successful, and it was frequently necessary to revise them. The distinction between the different kinds of *ganja* has been abolished with effect from the 23rd May 1905, and it is expected that the variety which is richest in narcotic matter, viz., *chur*, will bear the duty best and will be the only one in use.

14. There was a decrease of Rs. 14,498 in the total Excise revenue derived from opium, and this falling off is chiefly due to the issue of a limited quantity of opium for sale by retail vendors in Chittagong. The system of restricting the supply of opium to licensed vendors in Chittagong was reintroduced with effect from the beginning of the year 1904-1905, under Government Order No. 1708S.R., dated 11th March 1904, as the Government of India desired that the experiment of checking the consumption of opium in Burma should be given every chance of success. The local officers and the late Commissioner of Excise were of opinion that the restrictive system should be reintroduced, and the Board observed that in Chittagong this system, though not altogether free from objection, was preferable to unrestricted issues. A

limit of 60 maunds for the year 1904-1905 was accordingly fixed after careful local inquiry, and it has not yet been demonstrated that the amount is too small, as the quantity issued to vendors during the year was only 57 maunds 19 seers.

15. The Board will await the submission of a full report on the sale of morphia in Calcutta. It should be ascertained how the large quantities of morphia sold in Calcutta are disposed of. It is sad to think how the use of the most deleterious stimulants has a tendency to spread chiefly because a very small quantity can produce much temporary exhilaration; and while the strenuous efforts of the Excise Department are being directed against the pernicious cocaine habit with but partial success, there is reason to apprehend that morphia is being more largely resorted to. These facts should not be lost sight of in taking measures for checking the consumption of well-known but less harmful intoxicants.

16. It would be desirable to confine the right to sell drugs capable of being used as intoxicants to druggists or chemists holding diplomas from recognized institutions, but such qualified druggists would not always be available in the mufassal. Judging from the large seizures of cocaine imported or smuggled by private persons, it seems likely that most of the drug illicitly sold is not procured from the druggists.

17. The measures taken with a view to place licit country-spirit within the reach of the consumers and to enforce local responsibility in the Sonthal Parganas appear to have had the desired effect. The number of persons arrested for illicit distillation fell from 700 in 1903-1904 to 51 in the year under report. That this decrease is not due to any apathy or inactivity on the part of the detective officers is sufficiently proved by the fact that the consumption of duty-paid spirits in this district rose from 33,462 gallons L. P. in 1903-1904 to 41,774 gallons L. P. in the year under report. The largest number of arrests during the year for illicit distillation took place in Angul. The evil can be checked by increased vigilance and by raising the number of shops so as to make licit liquor available within fairly easy reach.

22. The year is marked by bringing to maturity two important reforms, which have been initiated since its close, viz., (1) the elimination of differential rates of duty for *ganja* and the introduction of a single uniform rate, which will have the effect of leaving only one variety in use. It has simplified accounts, reduced freight, and improved storage, handling and packing, and has once for all put an end to the impossible task, attempted from time to time, of fixing the rate of duty according to the amount of narcotic matter present in each variety. (2) Introduction of the Contract System for the supply of country liquor. In July 1904, Mr. Badshah was deputed to Madras and Bombay to study the systems in force in those Presidencies. The results of his enquiries are embodied in his "Note on country-spirit", and his suggestions and recommendations have been so far adopted that, according to the programme which has received the sanction of Government, the outstills which form such an unsatisfactory feature of the excise administration of Bengal will disappear in a few years and the Contract Distillery System be introduced throughout the Province. A beginning has been made this year in Midnapore and Orissa, and so far with success; and the system will be largely extended during the next and succeeding years. The small central distilleries are being closed, and liquor will be supplied by a few large distilleries employing the most improved plant and machinery and producing wholesome spirit free from impurities. At the same time both wholesale and retail prices will be carefully regulated so as to prevent the evil effects of a monopoly.

23. The Member in charge visited the Patna distillery on the 11th August 1904, and examined the question of water-supply and the system of issuing coloured liquor from the distillery. He also inspected the Russa distillery.

24. Mr. K. J. Badshah was in charge of the Department for about seven months of the year, and Mr. Geake for the remaining period. Mr. Badshah has since retired. He showed exceptional energy and capacity in the discharge of his duties, and the Board are very sorry to lose his services. To Mr. Geake the Board's acknowledgments are due for his successful administration of the Department and for an interesting and suggestive report.

Total revenue and charges.

6. The Excise revenue and charges of the Province for the last five years are shown below :—

| Period. | Revenue. | Charges. | Net Revenue. | Percentage of Charges. |
|---|---|---|---|---|
| | Rs. | Rs. | Rs. | |
| 1900-01 ... ... | 1,46,48,409 | 6,73,358 | 1,39,75,051 | 4·59 |
| 1901-02 ... ... | 1,50,25,317 | 6,75,818 | 1,43,49,499 | 4·49 |
| 1902-03 ... ... | 1,57,87,729 | 7,72,606 | 1,50,15,123 | 4·89 |
| 1903-04 ... ... | 1,62,96,470 | 8,12,836 | 1,54,83,634 | 4·98 |
| 1904-05 ... ... | 1,67,90,652 | 8,14,375 | 1,59,76,277 | 4·85 |
| Difference of the past two years ... | + 4,94,182 | + 1,539 | + 4,92,643 | — ·13 |

The net revenue shows an increase of Rs. 4,92,643, or 3·18 per cent., over the figures of the previous year, and is the highest on record.

Revenue under different heads.

11. The total revenue under the several heads of excisable articles was Rs. 1,67,90,652 against Rs. 1,62,96,470 in the previous year, showing an increase of Rs. 4,94,182, or 3·03 per cent. The increase was common to all but eleven districts. The largest increase (Rs. 79,685) took place in Calcutta. It was also considerable in Saran (Rs. 54,331), Shahabad (Rs. 49,947), Palamau (Rs. 41,405), Darbhanga (Rs. 38,971) and Muzaffarpur (Rs. 32,159). On the other hand, the decrease was heavy in Chittagong (Rs. 48,542), Birbhum (Rs. 19,685), Manbhum (Rs. 13,158), Midnapore (Rs. 11,180) and Murshidabad (Rs. 10,998).

There was an increase under every head, except *Pachwai*, Opium, Miscellaneous, *Siddhi* and Cocaine. The largest increase occurred, as in the previous year, under the head "Country-spirits," being Rs. 3,64,230. *Ganja* comes next with an increase of Rs. 1,29,065 followed by Rum and Imported Wines, which yielded an increase of Rs. 19,330 and Rs. 6,504 respectively. The largest decrease (Rs. 14,749) occurred under the head *Pachwai*. Opium comes next with a decrease of Rs. 14,498. The fluctuations in the revenue from the different excisable articles are discussed in the sections appropriated to each.

Taking the population of Bengal according to the last census at 75 millions, the incidence of the excise revenue of the year is 3 annas 7 pies per head, against 3 annas 6 pies in the previous year.

13. The triennial settlement made in Calcutta for the three years 1905-06 to 1907-08 resulted in an increase of Rs. 1,55,834, inclusive of the fees for the sale of *tari* and imported liquor and for other licenses settled under the fixed fee system. The result is satisfactory, considering that the number of licenses has been reduced from 724 to 708. Vendors have a tendency to congregate in the most lucrative localities: hence it was possible to reduce the number where shops clustered too thickly, but the reduction in the number of shops is by no means an unmixed blessing. It enables a wealthy combination to enter the field and create a monopoly, which means raising of prices to a prohibitive extent and driving the consumers to have resort to illicit practices or to indulge in more deleterious drugs and intoxicants. Even if prices are not raised, when shops are too scarce, excisable articles are readily procurable in other places, notably in prostitutes' houses, where sale cannot be proved and where no control can be exercised over the assembly of bad characters.

## SECTION II.—COUNTRY-SPIRIT.

Sites in Calcutta.

17. In Calcutta before a shop is opened on a new site, a notice is issued and any objections urged by the inhabitants of the locality are considered in communication with the Commissioner of Police. A certificate from the

Commissioner of Police is required before a license can be finally granted by the Superintendent of Excise Revenue. In the case of liquor shops, in particular, a list of objectionable sites is furnished by the Commissioner of Police half-yearly, and the defects pointed out are remedied.

Reduction in the number of shops.

18. For many years it has been the object of the Excise authorities to reduce the number of shops, but there is reason to fear that in many districts this policy has been carried to extreme lengths. The marginal figures show the area and population per shop in Bengal as compared with some other Provinces, It cannot but be conceded that the labouring classes in India, as in other countries, will have an intoxicant of some sort. Alcoholic liquor, *ganja*, and opium are believed by a majority of their respective consumers to be a necessity, and not merely a luxury. It is essential to place these articles within the reach of habitual consumers without interposing prohibitory difficulties and yet without providing undue facilities. Failing this, illicit practices, and consequent wholesale demoralisation, are the inevitable result. In the Eastern and Central districts the number of liquor shops has been so reduced that the trade has fallen into the hands of a few monopolists. The license-fees, and consequently the price, have been forced up to such a pitch that consumption has been reduced to a minimum. The price has placed country liquor beyond the reach of the mass of the population, and the result is that they have taken to cheaper stimulants and intoxicants. In Dacca, Mymensingh, Nadia, and Khulna, country liquor of the strength usually sold in Calcutta at Re. 1-4, costs Rs. 2 a bottle. Even in the outstill tracts of Pabna and Bogra such liquor cannot be bought below the Calcutta price. When liquor is taxed so highly as to become licitly unobtainable by those who most desire it, illicit practices are inevitable. The mere fact that shops continue year after year to pay fees which, on the licit consumption, entail a heavy monthly loss, shows clearly that their income must be supplemented by improper means. The Excise staff is not sufficiently strong to enforce abstinence or even temperance; consequently illicit practices are rife everywhere.

Distillery liquor—Licenses for retail sale.

22. The total number of licenses issued was 1,255 against 1,237 in the previous year, showing an increase of 18. In Burdwan, four new shops were opened to check illicit distillation and to meet ascertained local demands. In the Sonthal Parganas, ten additional shops were sanctioned for inaccessible localities where illicit distillation was known to be freely carried on.

Distillery liquor. License-fees.

23. There was an increase in the revenue from license-fees from Rs. 13,56,030 to Rs. 14,08,978 or to the extent of Rs. 52,948. The increase is marked in Calcutta (Rs. 21,791), Patna (Rs. 14,753), the 24 Parganas (Rs. 7591), Faridpur (Rs. 6,020) and the Sonthal Parganas (Rs. 4,487), and was due to competition at the annual sales and to larger collections of advance fees. In Burdwan there was a decrease of Rs. 4,154, due to the settlement of nine country spirit shops in the Raniganj Subdivision at reduced fees. It is stated that, by reduction of license-fees, the vendors were able to bring the price of licit liquor almost to the level of the price charged for illicit liquor, which was extensively manufactured in the locality.

Distillery liquor. Consumption and duty.

24. The consumption of distillery liquor in L. P. gallons rose from 692,664 to 700,100, a very small increase of 7,436 gallons L. P., compared with the 40,655 gallons, increase of the previous year. Of the 31 districts in which the distillery system is in force, there was an increase of 34,862 gallons L. P. in 17 districts, and a decrease of 27,426 gallons L. P. in the remaining 14 districts. The increase was marked in the Sonthal Parganas (8,312 gallons L. P.), Calcutta (6,552 gallons L. P.), Shahabad (3,775 gallons L. P.), Burdwan (3,659 gallons L. P.) and Saran (3,475 gallons

L. P.) The increase in the Sonthal Parganas was due to the opening of ten new shops, to the numerous detections in the previous year, and to the exceptionally good outturn and high prices of shellac. The increase in Calcutta occurred during the third and a portion of the fourth quarter of the year, and is ascribed to the severity and prolongation of the cold season this year. The increase in Shahabad was due to competition among vendors owing to the suppression of monopoly and also to poor out turn of *tari*. The increase in Burdwan was due to the lowering of the license fees of certain shops in the Raniganj subdivision, to the opening of four new shops, and to the issue of weak liquor of the strength of 50° U. P. The posting of one Sub-Inspector with four peons in thana Assansole and the colouring of distillery liquor are also causes which led to the increased consumption of licit liquor. In Saran there was increased consumption during the outbreak of the plague. The decrease was large in Patna (18,694 gallons L. P.), and was due to the introduction of the system of colouring distillery liquor, combination among the licensees, and better out-turn of *tari*. Plague materially affects the consumption of liquor. On its first appearance there is a sharp rise in consumption as a prophylactic, but when the population is decimated and a general exodus of the wealthier classes takes place, the urban consumption naturally falls. The decrease of 3,769 gallons L. P. in Gaya was due to increase in the retail price consequent upon an increase both in the license fees and in the rates of duty levied on liquor of lower strengths issued at 78° and 84° U. P. which were paying duty of 7 and 5 annas against 80° and 86° U. P. paying a duty of 6 and 4 annas respectively, in the previous year. In Bhagulpur there was a decrease of 1501 gallons L. P., due to plague. The decrease of 847 gallons L. P. in Murshidabad is attributed to the absence of Railway workmen and high retail prices. In Birbhum there was a decline of 727 gallons L. P., due to the impoverished condition of the consumers. In Nadia the consumption of distillery liquor was affected by monopoly of vend. A Deputy Inspector was placed under the Collector of Backergunge for six months to investigate the conditions under which the trade in country spirit is carried on in that district. It appears from his report that illicit distillation exists in the Sadar and the Perozepur subdivisions of the district, and that the local vendors participate in the trade. At a recent visit I found that the 39 shops in the district show a monthly loss exceeding Rs. 500 in spite of the fact that liquor is sold at Rs. 9 per gallon. It may safely be assumed that the vendors resort to unlawful methods in order to recoup themselves. As a result of the increased consumption in the Province, the receipts from duty rose from Rs. 24,46,787 to Rs. 24,79,837 or by Rs. 33,050.

Distillery liquor-total receipts.

25. The total receipts, including license fees, distillery fees, and duty, amounted to Rs. 39,74,582 against Rs. 38,90,440 in the previous year, showing an increase of Rs. 84,142.

Fermentation and distillation.

26. In distillation and rectification a certain degree of excellence has been attained, but in fermentation the methods, even in our best distilleries, are little, if at all, better than at the outstills. The ignorance and obstinacy of the distillers combined with the absence of scientific knowledge on the part of the Superintendents militate against improvements in this respect. Concentration of manufacture and reduction in cost of production are the objects to which our efforts may now be most profitably directed. It is far from economical to maintain a distillery and a costly establishment in a district like Backergunge, merely to supervise the manufacture and issue of eight gallons per diem.

Outstills—licenses.

27. The total number of licenses issued was 2,154 against 2,145 in the previous year, showing an increase of 9. There was an increase of 13 outstills in 10 districts, due to the opening of new outstills in order to meet local requirements and to check illicit practices, while 4 outstills were closed in three districts as being unnecessary.

Outstills—license fees.

28. The revenue from license-fees increased from Rs 40,13,222 to Rs. 42,93,310 or by Rs. 2,80,088. Of the 30 districts in which the outstill system was in force there was an increase of Rs. 3,08,523 in 23 districts and a decrease of Rs. 28,435

in the remaining 7 districts. The increase was large in Saran (Rs. 44,140), Palamau (Rs 37,672), Patna (Rs 28,185), Ranchi (Rs. 27,347), Muzaffarpur (Rs. 26,661), Darbhanga (Rs. 25,133), Shahabad (Rs. 23,285), Purnea (Rs. 18,411), and Hazaribagh (Rs. 15,091). The increase was due to competition at the annual sales and to larger collections of advance fees. The decrease was heavy in Manbhum (Rs. 16,653) and Midnapore (Rs. 10,017). The decrease in Manbhum is attributed to the decrease in the number of coolies working in local collieries and on Railway lines, and also to ruinous competition among vendors in previous years. The decrease in Midnapore was due to the abolition of outstills from the current year and consequent non-realization of advance fees.

Total revenue.

29. The total receipts from distillery liquor and outstills were Rs. 82,67,892 against Rs. 79,03,662 showing an increase of Rs. 3,64,230.

Contract Distillery system.

33. Under Government Order No. 492T.F., dated the 13th May 1904, my predecessor, Mr. Badshah, visited Madras and Bombay to study the Excise systems of those Provinces with a view to improving the system of excise of country spirits in the Province of Bengal. The results of his enquiries have been embodied in his "Note on Country spirit." In accordance with the recommendations made by him, sanction has been accorded, *vide* India Government Order No. 8029Exc., dated the 20th December 1904, to the introduction of the contract distillery system for the supply of country spirit as an experimental measure into Midnapore and into the districts of the Orissa Division, except Angul, with effect from the 1st April 1905.

## SECTION III.—COUNTRY RUM.

Licenses.

34. There was no change in the number of licenses or in the conditions under which country rum is sold.

License-fees.

35. The receipts from license-fees amounted to Rs. 22,280 against Rs. 21,762 in the previous year, showing an increase of Rs. 518. The increase was due to settlement of a rum shop in Calcutta, which had remained closed during the preceding year.

## SECTION IV.—IMPORTED LIQUOR.

Licenses.

39. The total number of licenses issued for the sale of imported liquor was 661 against 653 in the previous year, showing an increase of 8. Three new retail licenses were issued in Backergunge to check direct importations from Calcutta which are liable to lead to illicit sales.

Revenue.

40. The total receipts which are derived from license-fees alone, amounted to Rs. 3,83,455 against Rs. 3,76,951 in the previous year, showing an increase of Rs. 6,504. There was an increase amounting to Rs. 18,423 in 25 districts, while in 19 districts there was a decrease of Rs. 11,919. In two districts the revenue was stationary. No license was taken out for the sale of imported liquor in Angul. The increase was large in Hooghly (Rs. 1,618), 24-Parganas (Rs 1,929), Darjeeling (Rs. 2,898), Mymensingh (Rs. 1,834), Tippera (Rs. 2,302), and Patna (Rs. 2,269). A decrease of Rs. 6,489 in Calcutta is mostly nominal, being due to the payment of a portion of the year's demand in advance in March 1904.

41. The following figures showing imports, have been compiled from the report on the Maritime Trade of Bengal for the year 1904-05:—

Importation.

| | 1903-04. Gallons. | 1904-05. Gallons |
|---|---|---|
| Ale, beer and porter ... ... | 827,765 | 726,086 |
| Spirits and liqueurs— | | |
| Brandy ... ... ... | 64,391 | 69,246 |
| Whisky ... ... ... | 220,178 | 195,886 |
| Other sorts of spirits and liqueurs ... | 137,037 | 152,964 |
| Total Spirits and Liqueurs ... | 421,606 | 418,096 |
| Wines ... ... ... | 94,297 | 94,557 |
| GRAND TOTAL ... | 1,343,668 | 1,238,739 |

There was a decrease in the imports of both fermented and spirituous liquors. The decline is most noticeable in the case of whisky. and the deficit is to some extent supplied by a larger import of spirit of an inferior quality. Plain German spirit shows an increase of 6,731 gallons, L. P., the quantity imported being 55,271 gallons against 48,540 gallons in the previous year.

## SECTION VI.—TARI.

46. The licenses issued totalled 15,501 against 16,075 in the previous year, showing a decrease of 574. The receipts amounted to Rs. 10,98,769 against Rs. 10,95,699 showing an increase of Rs. 3,070.

Statistics.

47. The number of licenses issued was 13,817 against 13,839 showing a decrease of 22. The decrease was large in Patna (194), where many Pasis died of plague. In Gaya there was an increase of 63 due to the splitting up of highly taxed shops. The receipts from fermented *tari* increased from Rs. 10,87,971 to Rs. 10,91,481, showing an increase of Rs. 3,510 The increase was large in Gaya (Rs. 5,210), Muzaffarpur (Rs. 4,909), Darbhanga (Rs. 3,457), the 24-Parganas (Rs. 3,163), Bhagalpur (Rs. 1,389), and Champaran (Rs, 1,096), and was due to favourable settlements, increase in the number of licenses, better collection of the year's demand, and realization of a larger amount of advance fees. On the other hand, the decrease was heavy in Patna (Rs. 5,660), Calcutta (Rs. 3,770), Howrah (Rs. 2,870), the Sonthal Parganas (Rs. 2,154), Puri (Rs. 1,333) and Saran (Rs. 1,139). The decrease in Patna was due to non-settlement of several shops on account of plague and also to smaller collection of advance fees in March 1905. In Calcutta the decrease is nominal and was due to the payment of a portion of the year's demand in advance in March 1904. In Howrah the decrease was due to late settlement and to the closure of several shops for non-payment of license fees. The decrease in the Sonthal Parganas and Puri is attributed to the settlement of shops at reduced fees in the absence of competition. In Saran the value of *tari* shops was affected by decreased sale owing to the prevalence of plague. As in previous years, the bulk of the revenue was derived from the seven districts of the Patna Division and Monghyr and Bhagalpur, which contributed between them Rs. 6,88,511, or 62 per cent. of the total amount. The revenue was also considerable in Burdwan (Rs. 11,166), Hooghly (Rs. 36,162), Howrah (Rs. 32,978), the 24-Parganas (Rs. 99,975), Calcutta (Rs. 74,866), Murshidabad (Rs. 10,914), Purnea (Rs. 13,609), Malda (Rs. 10,369), the Sonthal Parganas (Rs. 19,639), Cuttack (Rs. 40,506), and Puri (Rs. 13,555). There was no revenue from fermented *tari* in Jalpaiguri, Darjeeling, Tippera, and Noakhali.

Fermented *tari*.

48. Licenses for the sale of fresh *tari* were issued in 26 districts against 27 districts in the previous year. The number of licenses fell from 2,236 to 1,684 and the revenue from Rs. 5,957 to Rs. 5,467. In Tippera there was a decrease of 536 in the

Fresh *tari*.

number of licenses issued and of Rs. 536 in revenue. The decrease was due to the fact that the propriety of taxing unfermented *tari* was for some time under consideration in consequence of a memorial presented by the Tippera People's Association against such taxation. Orders to continue the existing system were issued in the latter end of the year.

## SECTION VII.—*PACHWAI.*

Statistics.

50. The total number of licenses issued was 14,473 against 13,958 in the previous year, showing an increase of 515. The receipts fell from Rs. 5,97,938 to Rs. 5,83,189 or by Rs. 14,749.

Licenses for retail sale and revenue.

51. The number of licenses issued decreased from 1,676 to 1,672. The decrease of 4 was due to the closure of certain unnecessary shops. The revenue fell from Rs. 5,48,889 to Rs. 5,33,405, or by nearly 3 per cent. The decrease was heavy in Birbhum (Rs. 10,056) and is said to be due to the bad material condition of the consumers owing to the successive failure of the rice crops. I cannot, however, look upon this as a valid excuse, seeing that the labouring classes have had ample occupation on railway construction, and the proximity of the coal-mines also ensures employment for all who desire it. I ascribe the falling-off to defective administration, and I have taken steps to supply a better class of officers to that district. The decrease was also large in the Sonthal Parganas (Rs. 5,370), due to the reduction of license-fees on account of the loss suffered by the vendors. The fees rose very high in that district at the two previous settlements, as the number of shops is purposely kept very low in order to avoid furnishing the Sonthal with any excuse for indulging in drink. As in previous years, the bulk of the *pachwai* revenue was derived from Burdwan (Rs. 2,87,755) and Birbhum (Rs. 1,29,293), the total revenue on this account from the two districts being Rs. 3,67,048 or nearly 63 per cent. of the entire revenue. The receipts were also considerable in the Sonthal Parganas (Rs. 51,759), Darjeeling (Rs. 40,669), Murshidabad (Rs. 24,460), and Bankura (Rs. 22,283).

Consumption of *pachwai* by the tea-garden coolies in Jalpaiguri.

53. It appears that the consumption of *pachwai* by the tea-garden coolies in the district of Jalpaiguri is neither taxed nor controlled, and that unlimited brewing of *pachwai* is leading to increased drunkenness among them. After consulting several tea-planters and local officials, I came to the conclusion that the time had arrived for more stringent measures. Accordingly, in my letter No. 23T.E., dated the 22nd May 1905, I have recommended the opening of shops at nominal fees for the supply of pachwai in the tea-garden area.

Alcoholic strength of *pachwai*.

54. Several samples of *pachwai* have been examined. The alcoholic strength is ordinarily about 95° under proof, or much the same as that of the "Khasia" liquor consumed at the outstills in South Bihar. The use of "Kuchila" seeds (nux-vomica) to impart a slightly bitter taste is not uncommon. I heard of persons at a shop in Burdwan being attacked with symptoms of poisoning and subsequently visited the shop. "Kuchila" seeds were discovered in possession of the vendor, and the manufactured *pachwai*, when analysed, showed traces of "nux-vomica," but not to an extent calculated to prove dangerous. It appeared probable, however, that on a previous occasion an excessive quantity had been used with the result that several customers had been seriously incommoded. Ordinarily *pachwai* is a harmless and nutritious beverage, but miners in particular earn for it a bad reputation by their excesses. They get it poured into them literally by the gallon and become so distended as to be incapable of speech or action. Still they manage to come up smiling next day, which would not be the case if they had indulged in spirits.

## SECTION IX.—*GANJA.*

Statistics.

58. The area cultivated was 2,779 bighas, which is below the limit of 976 acres fixed by the Government of India. Conditions were favourable, and a full crop was secured for the second year in succession. Reduced to *chur* equivalent, the average outturn was even higher than in the previous year, being 2 maunds 21 seers 9 chittaks against 2 maunds 18 seers 11 chittaks.

Rates of duty

63. There was no change in the rates of duty on *ganja* during the year under report, but since the close of the year the following uniform rate of duty has been fixed on all descriptions of *ganja*, whether *chur*, round or flat, in Bengal, Bihar, and Orissa with effect from the 23rd May 1905:—

| | Rs. |
|---|---|
| In Bengal and Bihar ... ... | 11 per seer. |
| In Orissa ... ... | 9 „ „ |

Consumption and export of duty-paid *ganja*

64. As in previous years, *ganja* was consumed in every district in the Province. The consumption was largest in Calcutta. It was also considerable in the districts of Mymensingh, Monghyr, Shahabad, Purnea, Bhagalpur, and Dacca. The quantity of each kind of *ganja* issued on payment of duty and the total duty levied thereon in the last three years are shown in the following statement:—

| Year | Quantity issued on payment of duty. | | | | | Total duty levied. |
|---|---|---|---|---|---|---|
| | *Chur* | Round. | Flat. | | Total | |
| | | | Small twigs. | Large twigs | | |
| | Mds. | Mds. | Mds. | Mds. | Mds. | Rs. |
| 1902-03 ... | 2,463 | 1,470 | 134 | 1,312 | 5,379 | 16,67,691 |
| 1903-04 ... | 1,928 | 1,588 | 161 | 1,818 | 5,495 | 16,79,338 |
| 1904-05 ... | 585 | 1,675 | 703 | 3,276 | 6,239 | 17,56,575 |

The most noticeable feature is the enormous increase in the consumption of flat *ganja*, which is dealt with in the next paragraph. Reduced to their *chur* equivalent, the figures showing the issues of *ganja* for the three years are respectively 4,179 maunds, 3,992 maunds and 3,762 maunds. The consumption in Bengal, taking all varieties together, amounted to 5,601 maunds, as against 4,954 maunds, while 638 maunds were exported duty paid as against 541 maunds in the previous year, showing an increase of 647 and 97 maunds respectively. There was thus an increase of 744 maunds of *ganja* in the duty-paid issues, while duty levied shows a comparatively small increase of Rs. 77,237 only. This is due to increased consumption of flat *ganja* (large twigs) on which the duty was the lowest. The *chur* equivalent of the *ganja* consumed in Bengal in the year was 3,378 maunds against 3,494 maunds in the previous year. There was thus a decline in consumption, though the amount realized from duty shows an increase owing to the enhanced rate of duty on *chur ganja* prevailing throughout the year as against three months in the previous year.

Different varieties of *ganja*.

65. The enhancement of the duty on *chur ganja* from Rs. 9 to Rs. 12 a seer in January 1904 was manifestly higher than that commodity could bear in comparison with the other varieties. It was assumed that *chur* contained just double the amount of narcotic matter contained in flat *ganja*, but the dealers managed to convert one seer of flat *ganja* into about 11 chitaks of serviceable *chur* instead of into 8 chitaks only, as was anticipated when the duty was revised. Consequently by taking flat instead of *chur*, the dealers made a clear profit of from two to three chitaks. The result was a great demand for flat twigs, and an accumulation of *chur* in the ware house, much to the disgust of the cultivators

who had manufactured larger quantities of *chur* in view of the large demand for that variety in previous years. Eventually it was found necessary to prohibit the issue of flat *ganja* from the ware house and ultimately a single rate of duty has been fixed, which will tend to cause the gradual elimination of all sticks and inert matter from the *ganja* and the supply to consumers of a purer and more carefully prepared article.

Total Revenue.

66. The total receipts amounted to Rs. 34,60,787 against Rs 33,31,722 in the year 1903-1904, the net increase being Rs. 1,29,065. The increase was most marked in the districts of Calcutta (Rs. 19,905), Shahabad (Rs. 18,795), Patna (Rs. 15,865), Mymensingh (Rs. 10,384), Bhagalpur (Rs. 9,664), and Faridpur (Rs. 7,881).

## SECTION XIII.—OPIUM.

Licenses for retail sale.

86. The total number of licenses issued for the retail vend of opium was 1,748 against 1,716 in the previous year, showing an increase of 32. There was an increase of 38 shops in 14 districts, due to the opening of new shops to meet ascertained local demand and to check illicit practices. The increase was large in the opium producing district of Hazaribagh (11) and was due to the opening of several experimental shops at nominal fees to bring the licit drug within easy reach of the consumers and prevent their having recourse to the cultivators to meet their requirements. In 5 districts, 6 shops, which appeared unnecessary or in which the sales were small, were closed.

License fees.

89. The revenue from license fees rose from Rs. 7,29,854 to Rs. 7,37,645 or by Rs. 7,791. The increase was most marked in Chittagong (Rs. 7,696), due to reintroduction of the restrictive system which enables the shops to demand famine prices. In Calcutta, there was a decrease of Rs. 4,000, due to some of the important shops having remained closed for a portion of the year.

Consumption and duty.

90. The quantity of opium sold was 2,235 maunds, 9 seers against 2,258 maunds, 15 seers in the previous year, or a decrease of 23 maunds, 6 seers. The decrease was large in Chittagong (70 maunds, 12 seers), and was due to the reintroduction, with effect from the 1st April 1904, of the system of restricting the issues of opium to licensed vendors according to local requirements, in order to check the smuggling of opium into Aracan. In Akyab, during the year 1903-04, 7,711 seers or 192 maunds, 31 seers of opium were issued, while in 1904-05, owing to the reintroduction of the restrictive system in Chittagong, the issues have gone up to 9,055 seers, or 226 maunds, 15 seers. The decrease in Chittagong considerably exceeds the increase in Akyab, and the difference of 36 maunds, 28 seers of opium is explained by the suggestion that a part of the opium smuggled from Chittagong towards the close of the year 1903-04 has been consumed in Akyab during the year of report. According to the last census the population of Akyab is 481,666, of which only 275,400 are Arakanese and Burmese; most of the rest are Muhammadans. The population of Chittagong is 1,353,250, of which 968,054 are Muhammadans. The Collector thinks that 10 per cent. of the Muhammadans may be set down as opium-eaters. Akyab consumed 226 maunds and Chittagong could only get 57 maunds. With about one-third of the population, Akyab consumes nearly four times as much opium as Chittagong. It is customary for the Excise authorities in Burma, who profess to be endeavouring to save the Burman from himself, to blame Bengal for all the difficulties they experience in opium administration on the Arakan side, but it is self-evident that by our restrictive measures we impose considerable hardships on the Chittagong consumer and place a premium on smuggling into that district. In malarial districts along the sea-coasts opium is looked upon as a necessity of life, and it requires powerful arguments to justify a measure which places the drug practically beyond the reach of the legitimate consumer. There is reason to believe that the smugglers are shifting their quarters and that opium is smuggled into Chittagong from the United Provinces, Patna and Calcutta. The increase was large in Calcutta (9 maunds, 31 seers), Gaya (5 maunds, 6 seers), Malda (6 maunds, 7 seers), Cuttack (12 maunds, 13 seers), Balasore (12 maunds, 1 seer), and Puri (7 maunds, 11 seers). The increase in Calcutta, after a

persistent decrease for three years, points to a revival of smuggling operations towards Burma. The increase in Gaya is attributed to suppression of illicit practices and increased consumption of licit drug. The increase in Malda was due to competition among vendors and consequent reduction in retail prices. In Cuttack also the retail prices of opium were reduced on account of competition among the vendors. In Balasore the increase is attributed to the improved condition of the consumers on account of bumper crops. It is reported from Puri that the consumption of opium increased on account of prevalence of malarial fever. In the 47 districts, there was an increase of 73 maunds, 2 seers in 24 districts and a decrease of 96 maunds, 8 seers in 23 districts. As a result of the decreased consumption, receipts from duty fell from Rs. 18,62,238 to Rs. 18,39,949.

Total receipts.

91. The total receipts amounted to Rs. 25,77,594 against Rs. 25,92,092 in the previous year, showing a decrease of Rs. 14,498. There was an increase of Rs. 7,791 in license fees, but a decrease of 22,289 in duty.

Morphia.

93. It has been brought to notice that large sales of morphia are taking place in Calcutta, and measures will doubtless soon become necessary to check the spread of this habit. Fuller information on the subject is being collected.

## SECTION XIV.—COCAINE.

Licenses and revenue.

96. Licenses for the sale of cocaine are granted to approved druggists and chemists, a nominal fee of one rupee being charged for each license. The number of licenses issued was 244 against 344 in the previous year, and the receipts from license-fees amounted to Rs. 267 against Rs. 349. Licenses were restricted to the actual requirements of each district. The sale of drugs is under no supervision or control in this province, and for Excise purposes at least it will be necessary to confine the term "druggist or chemist" to one who holds a license or diploma from a recognized institution.

Abuses.

97. The number of persons convicted of illicit sale and possession of cocaine was 304, viz., 273 in Calcutta, 14 in Hooghly, 6 in Bhagalpur, 5 in Dacca, 3 in Monghyr, 2 in the 24-Parganas and 1 in Nadia. In Calcutta strenuous efforts were made to prevent the spread of the cocaine habit. The number of cases detected was the largest on record, being 298 against 190 in 1903-04 and 69 in 1902-03. In Hooghly a strict watch was kept on the borders of French Chandernagore whence cocaine finds its way into British territory. It is reported from Dacca and Monghyr that the detection of several important cases has checked the cocaine habit to some extent. The drug has for some time past been finding its way to this province from Madras, where restrictions have been imposed only since May last. During the year two tins of cocaine were found in a package imported from England, the contents of which were declared to be Printed Music. The goods were confiscated by the Collector of Customs, and a penalty of Rs. 1,000 was imposed on the importers under the Sea Customs Act.

## SECTION XV.—OFFENCES AGAINST THE EXCISE AND OPIUM LAWS.

Arrests and convictions.

99. During the year under review, 3,349 persons were arrested for offences against the Excise and Opium laws, compared with 4,024 persons in the previous year, showing a decrease of 675. The district of the Sonthal Parganas accounts for the whole of this decrease, as arrests there fell from 798 in 1903-04 to 107 only in 1904-05. The natural reaction after the repressive measures of the previous year and the action of the District Officer in personally warning all headmen of their responsibility in this matter had considerable effect. The conviction of sundry informers for concocting false cases also probably made others reluctant to come forward and help Excise Officers. The *Sonthal* looks upon fresh liquor as a panacea for all bodily ailments. It appears that informers went about in the guise of *ojhas* or medicine-men, induced the credulous *jungle* folk to distil liquor, and then secured their detection. The percentage of convictions was 87·8, against 89·6 in the previous year.

## RESOLUTION ON THE ADMINISTRATION REPORT OF THE COMMISSIONERS OF THE PORT OF CHITTAGONG FOR THE YEAR 1904-1905.

No. 1633Marine.

# Government of Bengal.

## MARINE DEPARTMENT.

*Dated Calcutta, the 2nd October 1905.*

### RESOLUTION.

READ—

The Administration Report of the Commissioners of the Port of Chittagong for the year 1904-1905.

The financial position of the Port Fund during the year under review is shown in the statement below :—

| | | 1903-1904. | 1904-1905. |
|---|---|---|---|
| | | Rs. | Rs. |
| Opening balance | ... | 4,656 | 57,354 |
| Receipts during the year | ... | 1,33,552 | 1,28,951 |
| Total | ... | 1,38,208 | 1,86,305 |
| Expenditure of the year | ... | 80,854 | 78,975 |
| Closing balance | ... | 57,354 | 1,07,330 |

The receipts during the year fell short of that of the previous year by Rs. 4,601, the decrease being chiefly due to a refund of Rs. 3,958 by the Assam-Bengal Railway Company in 1903-1904 for jetty account and to the payment of Rs. 3,000 by Messrs. Bulloch Brothers & Co. in March 1904 for laying moorings at Guptakhal.

The main items of revenue, viz., port dues, mooring fees and river dues, show a small increase of Rs. 654, though there has been a slight falling off in some of the chief staples of trade.

2. The expenditure shows a decrease of Rs. 1,879, due chiefly to the balance of the *Gekko* loan having been written off under the orders of the Government of India.

3. Three hundred and thirty-nine vessels entered the port, against three hundred and fifty-six in the previous year, or a reduction of 17; but the aggregate tonnage increased from 283,959 tons to 307,207 tons. Of these, 16 vessels of 36,996 tons entered from foreign ports and 323 vessels of 270,211 tons from home ports, against 20 vessels of 44,452 tons from foreign ports and 336 vessels of 239,507 tons from home ports in the previous year. The decrease in the number of vessels entering from foreign ports is ascribed by the Commissioners to a falling off in the jute trade. The number of vessels entering from home ports decreased by 13, but their tonnage advanced by 30,704 tons. The former is attributable to fewer native crafts being employed in the jute trade with Naraingunge and the latter to steamers of large tonnage being employed in the coasting trade.

4. The principal articles of export were grain, jute and tea, and of imports, salt, mineral oil and other kinds of oil. Jute showed a slight falling off due to an inferior jute crop, but the other staples showed an increase. Under imports mineral oil showed a falling off due to smaller importation of petroleum from Burma. The total trade of the port, however, showed an increase by nearly 11 lakhs of rupees, due mainly to the larger shipment of grain and Assam tea to Cochin and the United Kingdom respectively.

5. The appliances of the port and the light-houses have been kept in proper order during the year. The steam-tug *Gekko* was only once required for towing a sailing vessel in and out during the year; but she was otherwise

usefully employed on other port duties, such as swinging vessels at the moorings and visiting the light-houses. The earnings of the tug amounted to Rs. 720, while the expenditure was Rs. 8,317.

6. The jetties at double moorings were by the orders of the Government of India and under a notification from this Government transferred from the limits of the Port of Chittagong to the Assam-Bengal Railway authorities who were empowered to levy jetty tolls and to exercise control over vessels making use of those jetties.

7. The general question of improving the port by revetting the river bank, erection of additional jetties and purchase of a dredger was a subject of correspondence between this Government and the Government of India and the Port Commissioners. The purchase of a dredger for improving the Port so as to enable vessels of large draft entering it is under consideration. Mr. Bell, the Port Consulting Engineer, has been asked to prepare plans and specifications of the dredger considered most suitable, and as soon as these are received tenders will be called for. The Port has now the services of an Engineer who has been employed in preparing estimates and generally in making necessary arrangements. An estimate for the revetment work has been sanctioned and funds allotted, and the work will shortly be started.

Arrangements are also being made by this Government for improving the lighting of the port and its approaches. The *Sarsuti*, lately one of the pilot brigs at the mouth of the Hooghly, is now being fitted up as a light-vessel and when ready will be placed at the South Patches shoal to replace the existing buoy which has always proved unsatisfactory. Two lights are also being obtained from England to be erected at selected places in the river so as to enable vessels to take advantage of the night tides which are as a rule higher than the day tides.

8. The figures below show the financial position of the Pilotage Fund:—

| | 1904-1905. | 1903-1904. |
|---|---|---|
| | Rs. | Rs. |
| Opening balance ... | ... 64,624 | 58,184 |
| Receipts of the year ... | ... 19,622 | 19,205 |
| Total | ... 84,246 | 77,389 |
| Expenditure of the year | ... 14,280 | 12,765 |
| Closing balance ... | ... 69,966 | 64,624 |

One hundred and four vessels were piloted in and 103 vessels out, against 102 and 103 respectively in the preceding year. There was only one accident for which the pilot was warned.

## LIBERALITY OF RAJA SRINATH ROY OF BHAGYAKUL AND HIS BROTHERS.

No. 2784T.—M., dated Darjeeling, the 30th September 1905.

From—E. A. GAIT, Esq., I.C.S., Offg. Secretary to the Government of Bengal, Municipal Department,

To—The Commissioner of the Chittagong Division.

I AM directed to acknowledge the receipt of your letter No. 216C., dated the 18th September 1905, in which you report that Raja Srinath Rai of Bhagyakul in the district of Dacca and his brothers have given Rs. 2,483 for the improvement of the water-works at Sitakund in the district of Chittagong.

2. In reply I am to request that the thanks of the Lieutenant-Governor may be conveyed to the donors for their liberality and public spirit.

3. This letter will be published in the *Calcutta Gazette*.

## FINAL FORECAST OF THE JUTE CROP OF BENGAL, 1905.

THE following note is published for general information.

R. W. CARLYLE,
*Offg. Chief Secy. to the Govt. of Bengal.*

*The 3rd October 1905.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

FINAL FORECAST OF THE JUTE CROP OF BENGAL, 1905.

*Explanatory.*—This forecast relates to the same 27 districts of Bengal as the preliminary forecast. Reports from Collectors have already been placed at the disposal of the public.

2. *Trade conditions.*—The demand for jute continues to be keen and the consumption by Indian mills to rapidly increase. The approximate figures of the previous seasons are noted below for easy reference. The figures are taken from the publication of the Director-General of Statistics entitled "Area and Yield of certain principal crops in India (7th issue 1905)"—

| Season. | | lakhs of bales. |
|---|---|---|
| 1900 | ... | 65·26 |
| 1901 | ... | 74·38 |
| 1902 | ... | 65·77 |
| 1903 | ... | 72·41 |
| 1904 | ... | 74·00 |

For 1904 the Chamber of Commerce estimates 70·01 lakhs, expressed in bales of 400 lbs. each, under heads Export, Consumption by Mills, and Country Consumption.

3. *Weather conditions.*—The special appendix inserted in the preliminary forecast showing rainfall, district by district, between March and June, from 1902 onward, in the jute-producing area of the province has been compiled up to the 18th September and inserted in this forecast also. The figures in the six important districts are reproduced here:—

| | 1902 | 1903 | 1904 | 1905 |
|---|---|---|---|---|
| | (Includes the whole of Sept.) | | | (up to 18th Sept.) |
| Mymensingh ... | 92·85 | 84·99 | 79·38 | 98·86 |
| Rangpur ... | 82·00 | 68·57 | 67 02 | 79·69 |
| Tippera ... | 84·53 | 59·42 | 70·67 | 74·05 |
| Purnea ... | 65·63 | 51·65 | 44·77 | 63·73 |
| Dacca ... | 88·45 | 54·04 | 58·29 | 75·02 |
| Pabna ... | 70·78 | 43·44 | 61·79 | 68·37 |

Damage by flood is reported from Faridpur, Purnea, Bogra and Jessore (and Dhubri in Assam). Slight damage by flood in Netrakona (Mymensingh) was reported early in September and recently by insects in Basirhat (24-Parganas) and Bongaon (Jessore).

The floods are reported to have damaged quality rather than outturn.

4. *District Returns.*—(i) *Area.* In the preliminary forecast the area returned by Collectors was 3,161,400

acres as against 3,144,600 in this forecast. The net difference of 16,800 is made up from the following districts:—

| | First Forecast. | Final Forecast. | Difference. |
|---|---|---|---|
| Nadia ... | 50,000 | 45,000 | —5,000 |
| Murshidabad ... | 23,300 | 40,800 | +17,500 |
| Jessore ... | 41,800 | 41,300 | —500 |
| Rangpur ... | 387,000 | 385,000 | —2,000 |
| Bogra ... | 134,000 | 135,000 | +1,000 |
| Faridpur ... | 160,800 | 134,000 | —26,800 |
| Balasore ... | 5,200 | 4,200 | —1,000 |

The reduction of area in Faridpur is ascribed to flood, and the increase in Murshidabad to recent enquiry and check.

On the whole I accept the area returned by the District officers, and consider that 3,145,000 acres may be taken as the area under crop in Bengal in 1905, as against 2,850,000 acres estimated in 1904, *i.e.*, an increase of more than 11 per cent.

(ii) *Outturn.*—The important districts which estimate a lower outturn than in the preliminary forecast are Mymensingh 100 against 101, Jessore 74 against 91, Bogra 62 against 87, Faridpur 70 against 80, and Purnea 94 against 100. On the other hand Dinajpur raises its estimate from 70 to 100 and Dacca from 80 to 90, while the very important district of Rangpur shows a slight improvement, 66 to 69. The Rangpur estimate is considered by Mr. Beatson Bell to be too low. On the whole, the estimates of Collectors work out to 86·5 per cent., almost the same figure as in the preliminary forecast. I think it is safe to take 87 per cent. as the Provincial outturn per acre.

5. *Estimate.*—Calculating an outturn of three bales to the acre as 100 per cent. in an area of 3,145,000 acres *in Bengal*, the outturn of 87 per cent. should represent a trifle over 82 lakhs of bales.

*Not included in the above* are the following:—

| | | Bales. |
|---|---|---|
| *Assam* | ... Official estimate of 30th August 1905 ... | 82,800 |
| *Cooch Behar* | ... Do. do. of 15th September 1905 | 52,800 |
| *Nepal* | ... Trade returns for 1904-05 (same figure taken) ... ... ... | 41,000 |
| | Total ... | 176,600 |

From railway stations outside Bengal 12,000 bales were carried to Calcutta by the East Indian Railway during the season ending 31st July 1905. From Madras I have received a telegram to say that no true jute is cultivated there. Thus the jute crop of 1905, from all sources excluding Madras, should be nearly 84 lakhs of bales.

6. Stocks of 1904 are reported to be very low indeed.

S. L. MADDOX,

*In charge Department of Land Records and Agriculture, Bengal.*

CALCUTTA,

*The 20th September 1905.*

[On an average of the five years ending 1903-1904 the area under jute crop in the territory to which this forecast relates has represented some 98·3 per cent. of the total area under jute crop in British India.]

| Presidency —*concld.* | Murshidabad | 1,371,520 | 988,500 | 20,600 | 40,800 | 75 | 115 | Little ... | | | | A very large area is reported to have been cultivated with jute owing to the utter destruction of *bhadoi* paddy last year by floods and to the favourable state of the market. The increase in the outturn is due to favourable rainfall since the submission of the first forecast. The area in column 6 has been revised after enquiry. | |
| | Jessore | 1,972,000 | 1,192,000 | 36,800 | 41,300 | 76 | 74 | Do. . | | | | The low outturn is due to excessive unseasonable rain. | |

| | Bogra ... | 869,760 | 622,900 | 133,300 | 135,000 | 78 | 62 | Little ... | 28,233 | 1893 to 1894. | 4,187 | The high price of jute during the last year and timely rainfall favoured sowing but excessive rain and abnormal flood damaged the crop since the submission of the first forecast; hence a low outturn is now estimated. |
| | Pabna ... | 1,176,960 | 868,300 | 193,300 | 200,600 | 87·5 | 90 | Very little | ... | | | The increase in the area sown is due to early rainfall. The smaller outturn may be attributed to heavy rains in the beginning. |
| Dacca .. | Dacca ... | 1,780,480 | 1,214,500 | 195,400 | 210,100 | 100 | 90 | Little | | ... | | Untimely and excessive rainfall retarded the growth of the crop, hence the outturn is below the normal. |
| | Mymensingh | 4,682,480 | 2,405,000 | 725,000 | 795,200 | 70 | 100 | No jute | ... | ... | ... | The district has not been cadastrally surveyed. |
| | Faridpur ... | 1,459,840 | 970,600 | 134,000 | 134,000 | 100 | 70 | Very little | .. | ... | ... | Since the submission of the preliminary forecast damage to a certain extent has been done to this crop by the unusual rise of river water this year. Hence the decrease of 10 per cent. in column 8 below the percentage shown in the same column in the preliminary forecast. |
| | Backergunge | 2,906,880 | 1,416,560 | 10,000 | 18,000 | 50 | 33 | No jute | 1,379,336 | 1901 to 1904 | 23,642 | The figure in column 6 has been based on the figures of the cadastrally surveyed areas. In the area not yet cadastrally surveyed, there is no jute worth speaking of. On account of the excessive rain and consequent high water at the sowing season, the area sown was much below the approximate normal area under the crop and the outturn is much below the normal. |

| Division | District | Total area of the district. | Estimated total area under cultivation. | Approximate area sown last year (1904) | Estimated area sown this year (1905). | Taking 100 to represent the normal outturn per acre, how much represented the outturn last year (1904)? | Taking 100 to represent the normal outturn per acre, how much will represent this year's outturn (1905)? | Whether much, little, or no jute remains in the district from the crop of the year 1904 | Figures from Cadastral Survey | | | Remarks by District Officers | Remarks by the Department of Land Records and Agriculture, Bengal. |

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; p, passing temporary showers; ≏ dew; g, gloomy; t, thunder; <, lightning; /, strong wind, ● continued rain.

## IRRIGATION DEPARTMENT.

*The 4th September 1905.*

*No. 22.—Notification.*—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905 :—

W. A. INGLIS,
*Secy. to the Govt. of Bengal.*

### PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly ;
(2) the river Hooghly, from Nadia to its junction with the river Mathabhanga ;
(3) the river Jalangi, from the Ganges to Nadia ;
(4) the river Bhairab, from the Ganges to Nadia ;
(5) the river Mathabhanga, from the Ganges to its junction with the Hooghly ;
(6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhanga rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows :—

*Class I.*—To include all vessels of the usual native types of build.

*Class II.*—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements :—

*Class I.*—

(*a*) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

(*c*) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

*Class II.*—

(*d*) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

(*e*) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

(*f*) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged : provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself : provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M. and 5 P.M.

## EXISTING RULES.

The following Rules having reference to the undermentioned navigable channels, viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
(2) the river Hooghly, from Nadia to its junction with the river Matabhanga;
(3) the river Jallanghi, from the Ganges to Nadia;
(4) the river Bhairab, from the Ganges to Nadia;
(5) the river Matabhanga, from the Ganges to its junction with the Hooghly;
(6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively,

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.), and will have effect from and after the 1st September 1879.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

(*a*) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depths from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(*c*) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.

(*d*) In the case of steamers, the tonnage as determined by clauses (*a*), (*b*) and (*c*) shall be reduced by one-half as an allowance for engine and cabin space.

(*e*) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

19. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st. Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghât without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector s Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector s Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item 1 of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (*a*) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(*b*) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(*c*) The person in charge of a vessel approved as in clause (*b*) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (*a*) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(*b*) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (*a*) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each oar of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(*b*) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the bandalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 27 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

23. No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers. And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following.

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls. This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation.

21. Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III). In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector.

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due on account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue.

26. The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station. The certificate shall mention the date of passing. It will be attached as a voucher to the bill, which will be presented for payment to the owners or agents of the vessel by the officer in Calcutta authorized to receive payment thereof.

PROPOSED RULES.

30. For any contravention of Rules 4, 7(*e*), 16, 17, 19, 20, 22, 23, 27, 29, or of any notice issued thereunder, the person in charge of the vessel, or other person in fault, shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

## EXISTING RULES.

24. For every vessel or raft, or fleet of vessels or rafts, and for every timber which shall pass into, or out of, or through, any of the Nadia Rivers in violation of Rules 22 and 23, the owner thereof or the person in charge shall, on conviction by a Magistrate under section 18 of the "Canals Act, 1864," be punishable by a fine not exceeding Rs. 10 for each vessel, raft, or timber in excess of the number authorized, besides being subjected to the payment of the prescribed toll on the same. The payment of the toll shall, if necessary, be enforced in the manner described in section 9 of the "Canals Act, 1864."

27. Refusal to pay the toll on steamers or floats, except on those which are furnished with a certificate under Rule 25, or evasion, or attempt at evasion, of such payment, will be dealt with under sections 9 and 10 of the "Canals Act, 1864;" except that, instead of the vessel being seized and detained as directed in section 9, any separate cargo or stores, the sale proceeds of which will be sufficient to defray the amount of toll that should be paid, and which can, without inconvenience or danger to itself or to the rest of the cargo, be taken out of the vessel, shall be so taken out and detained, and subsequent proceedings shall be taken thereon as directed in section 9.

28. Any person who may without just cause refuse to pay any toll demanded of him by officers of the toll establishment, or who may evade, or attempt to evade, any such toll, or who may be a party to the transfer, or attempted transfer, of any ticket or pass, or who may without reasonable cause neglect or refuse to place his vessel in any situation in which he may be required by the Toll Collector to place it, or who may without reasonable cause neglect or refuse to remove his vessel from the measuring ghât after measurement, or unload cargo without the permission of the Toll Collector, shall be punishable under section 10 of Act V of 1864 (B.L.C.), on conviction before a Magisteate, with a fine which may amount to Rs. 50, or with simple imprisonment in lieu of fine which may extend to one month.

29. Any person who shall without sufficient excuse, neglect or refuse to produce, when called upon by the Toll Officers, or by any other person whose duty it may be to check the collection of tolls on the rivers, any ticket or pass which he may be required by these rules to produce, shall be liable to pay tolls whether he shall or shall not have previously paid them, and shall also be liable to a fine under section 10 of the Canals Act which may amount to Rs. 50.

30. Complaints against the conduct of the subordinate officers and enquiries for information must be preferred to the Toll Collector.

*Rules for the Steamer Service between Chittagong and Rangamati.*

THE Government steamer will ordinarily start from Chittagong weekly, with the flood tide, for Rangamati. The time for leaving Rangamati will be previously notified by the Serang in charge, with the approval of the Port Officer, Chittagong.

2. The above rule is subject to changes, dependent on season, which will always be previously notified by the Divisional Commissioner.

3. The steamer will be at the ghât at least one hour before the time fixed for staring, in order to allow for shipment of cargo.

4. The following table gives the passenger fares between the termini and intermediate halting places :—

| | First class. | Second class. | Third class. |
|---|---|---|---|
| | Rs. | Rs. A. | Rs. A. |
| From Chittagong to all stations up to Chandraghona ... | 3 | 1 8 | 0 8 |
| Above Chandraghona up to Rangamati ... ... | 6 | 3 0 | 1 0 |

Same rates to hold for down trips.
Return tickets, 1st and 2nd class, available for 3 months at 1½ fares.

*N. B.*—Mattresses, crockery, glass, cooking utensils and cabin furniture, but no provisions, are supplied to first and second class passengers.

5. All Government officers, with the exception of the Divisional Commissioner, travelling by this service, are required to pay the above fares.

For hiring by the day outside port limits, *viz.*, from 6 A.M. to 6 P.M , Rs. 50. For every hour under way before 6 A. M. or after 6 P. M., Rs. 8 per hour.

If, when under daily hire, steam be used for any part of a day less than six hours, the minimum charge shall be Rs. 30 and Rs. 5 for every additional hour when under way up to 6 P.M.

When laying at anchor without steam on engines, Rs. 10 per day of 24 hours.

6. The steamer will stop at the following halting places to land and pick up passengers and cargo :—

1. Lamboor Hât.
2. Bhandarjuri.
3. Sylock.
4. Chandraghona.
5. Kapti.
6. Rainkhyong.

7. The following are the rates of freight charged on different descriptions of goods from Chittagong to all stations up to Rangamati :—

| No. | Description of goods. | Freight. |
|---|---|---|
| | | Rs. A. P. |
| 1 | For a case of wine, spirit, aerated waters, oilman's stores, cask of beer not exceeding two cubic feet. | 0 3 0 |
| 2 | All goods in bags, per maund ... ... ... .. | 0 1 0 |
| 3 | Kerosine oil by case, each case ... .. ... | 0 3 0 |
| 4 | ,, by tin, each tin ... ... ... | 0 2 0 |
| 5 | Mustard oil, ghee, paint, per maund ... ... ... | 0 2 0 |
| 6 | Furniture or other light goods, per cubic feet ... ... | 0 1 0 |
| 7 | Small parcel or basket, each parcel or basket ... ... | 0 2 0 |
| 8 | Specie for Rs. 1,000 or part thereof ... ... | 1 0 0 |

8. If space be available, animals will be carried at the following rates :—

| | Rs. | A. | |
|---|---|---|---|
| For each horse ... ... ... | 10 | 0 | to, Rangamati or *vice versâ*. |
| Ditto cow ... ... ... | 2 | 0 | |
| Ditto sheep or goat ... ... | 0 | 4 | (Half-rates up to Chandraghona from or to Chittagong.) |

9. Country surangas, boats or dug-outs will be towed up or down when convenient and charged at 2 annas per maund of their carrying capacity. The legitimate crews of such vessels will not be charged for, but their passengers will be charged third-class passenger fares for the distance travelled.

10. Persons wishing to ship goods at Ballantine's Ghât should give at least six hours' previous notice of the number and weight or cubic contents of the packages which they intend to ship. They may deposit the freight, and preference will be given to those who make such deposits. If, after notice has been given and deposit paid, all available space should be taken up by Government stores or sepoys, the deposit will be refunded unless the shipper prefers to have the cargo carried at the succeeding trip.

11. The above rates of freight do not include charges for shipping and landing. The former must be carried out by shippers or their agents at their own risk and cost. If, within six hours after the arrival of the steamer at Chittagong or Rangamati, a shipper fails to take delivery of his cargo, it will be landed and kept in the godown at these places, and a charge of half an anna will be made for landing every maund of cargo or package. Godown rent of six pies per maund per day will also be charged, if delivery is not taken within two days from the time of landing.

12. Applications for passage, freight, and information respecting the movements, etc., of the steamer must be made to the clerk on board, who will receive all passage-money and freight and grant tickets and receipts, and will be responsible for the payment of all fares and freight.

13. Any complaints should be made to the Port Officer, Chittagong, who will enquire thereinto.

14. The Port Officer, Chittagong, is responsible for the upkeep, enquipment and movements of the Government steamer. He will see that the rules and rates sanctioned by Government are adhered to; and all applications for the hire of the steamer should be addressed to that officer for disposal, subject to the approval of the Divisional Commissioner.

### EXPLOSIVES.

*Simla, the 29th September 1905*

*No. 5405-P. & T.*—In accordance with the provisions of section 18, sub-section (1), of the Indian Explosives Act, 1884 (IV of 1884), and in pursuance of the directions contained in the Notification of the Government of India in the Home Department,

No. 1964, dated the 2nd September 1887, the Governor-General in Council is pleased to publish for general information the following draft of a rule which it is proposed to add to rule 5 of the rules regulating the transport and importation of explosives, published in the Notification of the Government of India in the Home Department, No. 5528, dated the 11th October 1901. The draft will be taken into consideration on the expiry of two months from the date of this notification.

*Draft Rule.*

"III.—No explosive belonging to class 1 (gunpowder class), class 2 (nitrate-mixture class), class 3 (nitro-compound class), class 4 (chlorate-mixture class) or class 5 (fulminate class), shall be carried, otherwise than by rail, across any railway bridge over which reasonable facilities for the conveyance thereof by rail are afforded by the Railway Administration.

"Provided that this prohibition shall not apply in respect of quantities of explosives of class 1 (gunpowder class) or class 3 (nitro-compound class) not exceeding 5 lbs. in weight."

EXPLOSIVES.

*Simla, the 2nd October 1905.*

*No. 5484—4-10.*—In exercise of the powers conferred by section 17 of the Indian Explosives Act, 1884 (IV of 1884), and in supersession of Government of India, Home Department, Notification No. 1606-Public, dated the 31st July 1897, the Governor-General in Council is pleased hereby to declare that,—

I.—Picric acid when in process of manufacture shall (for whatever purpose used or manufactured) be deemed to be an explosive within the meaning of the said Act, subject to the following exception:—

(*a*) When the picric acid is mixed with not less than half its own weight of moisture in every process of manufacture, it shall be exempt from being deemed to be an explosive within the meaning of the said Act.

II.—Picric acid when kept, conveyed, imported or sold shall (for whatever purpose used or manufactured) be deemed to be an explosive within the meaning of the said Act, subject to the following exceptions:—

(*a*) Picric acid mixed with not less than half its own weight of water shall be exempt from being deemed to be an explosive within the meaning of the said Act.

(*b*) Picric acid which does not fall within the exemption (*a*), when the quantity does not exceed two thousand pounds in any one ship, boat, carriage, building or place, shall be exempt from being deemed to be an explosive within the meaning of the said Act; provided that such picric acid is so kept and conveyed as not be liable, whether under the action of fire or otherwise, to come in contact with any substance specified in the schedule hereto or with any fire or light capable of igniting such picric acid.

Provided also that such picric acid when dry is so packed in a substantial barrel or case that the contents cannot escape; and that no metal other than aluminium, or an alloy containing not less than ninety per centum of aluminium, is used in the construction of any package containing such picric acid, and that each barrel or case is legibly marked "Picric Acid"

Picric acid when not subject to the above exemptions must be packed and marked as laid down in the rules* relating to the packing of explosives prescribed by the Government of India.

General Rules for Transport and Importation of Explosives.

III.—Picrates and mixture of picric acid with any other substance (for whatever purpose used or manufactured) shall be deemed to be explosives within the meaning of the said Act, subject to the following exception:—

(*a*) A picrate mixed with not less than half its own weight of water shall be exempt from being deemed to be an explosive within the meaning of the said Act.

## Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Assam-Bengal Railway, in the district of Tippera, will be put up to sale at 8 o'clock on Monday, the 27th November 1905, corresponding with the 11th Agrahan 1312, at Mukundapur Railway Station.

The purchasers of the several plots of land will be subject to the following conditions:—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary or to plough the land nearer than 3 feet from the same.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold revenue-free to the highest bidders.

*5th.*—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

## GOVERNMENT OF INDIA.

## LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 29th September, 1905, and is hereby promulgated for general information:

## ACT NO. VII OF 1905.

*An Act to make certain provisions regarding the application of the law in force in the Province of Eastern Bengal and Assam and in certain territory transferred from the Central Provinces to Bengal.*

WHEREAS by Proclamation No. 2832, dated the 1st September, 1905, the Governor General, with the sanction of His Majesty, has been pleased to constitute the Province of Assam, being the territories mentioned in Schedule A, to be, for the purposes of the Indian Councils Act, 1861, a Province to which the provisions of that Act touching the making of laws and regulations for the peace and good order of the Presidencies of Fort St. George and Bombay shall be applicable, and to direct that the said Province shall be called the Province of Eastern Bengal and Assam, and further to appoint a Lieutenant-Governor of that Province;

[24 & 25 Vict., c. 67.]

And whereas by the said Proclamation the Governor General in Council, with the like sanction, has been pleased to declare and appoint that, upon the constitution of the said Province of Eastern Bengal and Assam, the districts mentioned in Schedule B shall cease to be subject to or included within the limits of the Bengal Division of the Presidency of Fort William and shall be subject to and included within the limits of the Lieutenant-Governorship of the Province of Eastern Bengal and Assam;

And whereas, by Proclamation No. 2833, dated the 1st September 1905, the Governor General in Council has been pleased to declare and appoint that the territory mentioned in Schedule C shall cease to form part of the Central Provinces and shall be subject to and included within the limits of the Bengal Division of the Presidency of Fort William;

And whereas it is expedient to make certain provisions regarding the application of the law in force in the territories affected by the said Proclamations;

It is hereby enacted as follows:

Short title and commencement.

1. (*1*) This Act may be called the Bengal and Assam Laws Act, 1905; and

(*2*) It shall come into force on the sixteenth day of October, 1905.

Saving of territorial application of enactments.

2. The Proclamations referred to in the preamble shall not be deemed to have effected any change in the territorial application of any enactment, notwithstanding that such enactment may be expressed to apply or extend to the territories for the time being under a particular administration.

Construction of certain references in enactments in force in territory mentioned in Schedules A, B and C.

3. All enactments, and all notifications, orders, schemes, rules, forms and by-laws issued, made or prescribed under enactments, which, immediately before the commencement of this Act, were in force in, or prescribed for, any of the territory mentioned in Schedule A, B or C, shall, in their application to that territory, be construed as if references therein to the authorities, territories or Gazettes mentioned in column 1 of Schedule D were references to the authorities, territories or Gazettes, respectively, mentioned opposite thereto in column 2 of that Schedule.

Constitution and powers of Board of Revenue in Eastern Bengal and Assam.

4. (*1*) There shall be a Board of Revenue for the Province of Eastern Bengal and Assam, to which the provisions of the Bengal Board of Revenue Regulation, 1822, and the Bengal Board of Revenue Act, 1850, shall, so far as may be, apply.

II of 1822.
XLIV of 1850.

(*2*) The said Board of Revenue shall discharge in respect of the territory mentioned in Schedule B all the functions which, immediately before the commencement of this Act, were vested in or exerciseable by the Board of Revenue for the Lower Provinces of the Presidency of Fort William in Bengal, and in respect of the whole or any portion of the territory mentioned in Schedule A such of the functions which at the same date were vested in or exerciseable by the Chief Commissioner of Assam as the Local Government may, with the previous sanction of the Governor General in Council, delegate to it.

Powers to Courts and Local Governments for facilitating application of enactments.

5. For the purpose of facilitating the application to any of the territory mentioned in Schedule A, B or C of any enactment passed before the commencement of this Act, or of any notification, order, scheme, rule, form or by-law made under any such enactment,—

(*a*) any Court may, subject to the other provisions of this Act, construe the enactment, notification, order, scheme, rule, form or by-law with such alterations, not affecting the substance, as may be necessary or proper to adapt it to the matter before the Court; and

(*b*) the Local Government may, by notification in the local official Gazette, direct by what officer any authority or power shall be exerciseable, and any such notification shall have effect as if enacted in this Act.

Pending proceedings.

6. Nothing in this Act shall affect any proceeding which, at the commencement thereof, is pending in or in respect of any of the territory mentioned in Schedule A, B or C; and every such proceeding shall be continued as if this Act had not been passed.

Repeal.

7. The enactments specified in Schedule E are hereby repealed to the extent mentioned in the fourth column thereof.

"Provided that nothing in this section shall relieve the occupier of any liability imposed on him as such by or under this Act."

Amendment of section 18.

10. (1) In section 18, sub-section (1), clause (a), of the said Act, for the words "and mill-gearing" the words "mill-gearing, hoists and teagles, and hoist-wells, trap-doors and other similar openings" shall be substituted.

(2) In clause (c) of the same sub-section, after the word "ventilation" the words "and lighting" and after the word "factories" the words "the provision of privy accommodation therein" shall be inserted.

(3) After clause (d) of the same sub-section the following shall be inserted, namely :

"(e) the prohibition of smoking and the use of naked lights in the immediate vicinity of any inflammable material;

"(f) the provision of sufficient means of exit to ensure escape in case of fire;"

and the existing clauses (e), (f) and (g) shall be re-lettered as clauses (g), (h), and (i) respectively.

(4) In sub-section (4) of the same section, for the words and letter "or clause (d)" the words and letters "clause (d) or clause (f)" shall be substituted.

## STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is further to amend the Indian Factories Act, 1881 (XV of 1881), so as to secure additional protection for the health and safety of operatives in factories. An explanation of the several amendments which it is proposed to make is given in the subjoined *Notes on Clauses.*

*The 27th September, 1905.* J. P. HEWETT.

### *Notes on Clauses.*

*Clause 2.*—The effect of this clause will be to bring within the purview of the Act certain small factories in the Bombay Presidency and elsewhere which work for a very short time only and are often the scene of many serious abuses.

*Clauses 3 and 4.*—Clause 3 is purely formal, and is introduced in order to admit of section 10 (1) of the Act being re-enacted, by clause 4, with amendments and under a suitable heading.

The amendments introduced by clause 4 direct that the midday stoppage of work required by section 5A for all operatives shall be notified in the factory in the same way as the intervals of rest required by sections 6 and 7 for women and children. Section 5A (*1*) has been infringed in some cases; and it is difficult to secure a conviction for such infringements without direct evidence, which it is almost impossible to procure when no notice of the time of the stoppage has been posted up.

*Clause 5* reproduces section 12 of the Act, with amendments requiring hoists or teagles, and hoist-wells, trap-doors and other similar openings near which people are liable to pass or be employed, to be kept at all times fenced, the fencing to be to the satisfaction of, and in accordance with any orders given by, the local Inspector. Experience has shown that hoists are more dangerous when at rest than while in motion, as there is then nothing to draw attention to the well; and it is necessary, for the prevention of accidents, that all hoists, teagles, wells, trap-doors and similar openings should be kept properly fenced. An amendment has also been included to admit of any order made by an Inspector under this section being set aside by higher authority.

*Clause 6.*—The words which it is proposed to repeal are rendered superfluous by the proposed new section 17A.

*Clause 7.*—The object of this amendment is to require notices of the opening of factories to be sent to an officer appointed by the Local Government to receive them, instead of to the local Inspector. In many places more than one Inspector has authority, and it is desirable that these notices should in each area be sent to one officer only.

*Clause 8.*—The amendments proposed in section 15 by this clause are largely consequential upon other amendments proposed in the Bill. A new clause (*m*) has, however, been added with the object of bringing within the scope of the penalty imposed by the section all acts or omissions which are contrary to the provisions of the Act or of the orders and rules issued under it and which are not covered by the preceding clauses. This provision is necessary in order to make it possible to punish such offences.

*Clause 9.*—The necessity has been proved of compelling an occupier of a factory, when absent, to leave in charge an approved and responsible agent to see that the provisions of the Act and the orders and rules made under it are carried out. Clause 9 introduces a section (17A) containing the necessary provision.

*Clause 10* (*1*).—This amendment will bring section 18 (*a*) into line with the proposed new section 12.

*Clause 10* (*2*).—The proper lighting of a factory is almost as important for the permanent health of the operatives as is its ventilation, while the provision of sufficient privy accommodation is a very important sanitary measure; and the effect of clause 10 (*2*) will be to make it clear that Local Governments have power to make rules on these subjects.

*Clause 10* (*3*).—It is necessary, in order to secure the safety of the operatives, that Local Governments have power to forbid smoking and the use of naked lights in certain portions of a factory, and to insist on the provision of sufficient means of exit in case of fire; and clause 10 (*3*) proposes to give them these powers.

*Clause 10* (*4*).—The effect of this clause is to require the previous publication, in draft form, of rules as to means of exit in case of fire.

## RESOLUTION ON THE REPORT OF THE AGRICULTURAL BRANCH OF THE DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL, FOR THE YEAR ENDING THE 31ST MARCH 1905.

REVENUE DEPARTMENT—AGRICULTURE.

*Darjeeling, the 5th October 1905.*

RESOLUTION—No. 3909T.—R.

READ—

The Report of the Agricultural Branch of the Department of Land Records and Agriculture, Bengal, for the year ending 31st March 1905.

Read again—

Resolution on the same report for the year ending 31st March 1904.

The Department was in charge of Mr. S. L. Maddox from the beginning of the year to the 28th March 1905, when he made over charge to Mr. N. D. Beatson Bell. Altogether 156 days were spent by Mr. Maddox on tour in connection with agricultural work and sericultural operations. During the year under report the Department has been strengthened by the appointment of a Deputy Director of Agriculture. Both the Director and Deputy Director and his two Assistants attended a meeting of the Board of Agriculture at Pusa in January, to which all Provincial Directors, officers of the Veterinary

Department and other scientific officers from the various Imperial and Provincial staffs in India were invited. Their recommendations and suggestions are now being considered and carried out by the Director and his staff.

2. *Agricultural Improvements.*—The Lieutenant-Governor gratefully acknowledges the special grant of Rs. 12,000 allotted by the Government of India for agricultural improvements, and is glad to find that it has been applied to really practical objects, viz., the provision of nurseries for rearing silkworm seed under scientific and hygeinic principles and the free distribution of a manure which for several years in the Burdwan farm has produced exceptional results on the outturn of paddy.

3. *Reorganization of the Agricultural Department.*—Towards the end of the year under report, the Government of India announced that a large permanent grant would be given to every Province in India for the development of its Agricultural Department. Proposals were accordingly submitted by this Government, and recently a permanent grant of Rs. 3,50,000 per annum has been allotted to this Province by the Government of India, on the understanding that a proportionate reduction will be made in the event of the transfer of a certain portion of this Province to Assam. The Lieutenant-Governor now desires to make public the following scheme for the development of the Agricultural Department in this Province which has been provisionally accepted by the Government of India. It is proposed to create a separate Director of Agriculture and to give him a complete staff of peripatetic experts. A Provincial Agricultural College will also be established under the supervision of European and Indian professors. Besides providing agricultural education for the sons of limited number of landholders, this College will provide trained men to supply the staff of all the other agricultural institutions in the Province, and to fill the graded Agricultural Service which the Lieutenant-Governor hopes to form as soon as possible. As trained men are turned out from the Agricultural College large farms will be opened at selected centres at which agricultural experiments will be undertaken with a special view to the agricultural wants of the tracts within which the experimental farm is situated. A portion of the area will be set aside for seed selection, and it is hoped in course of time to place depôts for seeds, implements and manures at each experimental farm, and to supply them at the lowest possible prices to the public. When an experimental farm is established agricultural improvements suited to the tracts of which it forms the centre will be brought home to the cultivators by means of demonstration farms. These farms will be smaller and more numerous than the experimental farms. They will be temporary in nature, and will be opened at such places and for such periods as occasion requires. Apart from this general scheme it is proposed to retain a few special experts for certain important crops. The Lieutenant-Governor proposes to continue to give assistance to agricultural fairs and to other of means disseminating agricultural knowledge among the people. In particular the several Agricultural Associations will be fostered and afforded financial support and expert advice when necessary.

4. *Scientific Enquiries.*—His Honour is glad to notice that the Department has during the past two years co-operated with the Board of Scientific Advice in regard to the alleged deterioration of jute, and to observe that the conclusions at which the Board have arrived, viz., that there is not only no proof that any degeneration in either of the two species of jute plants has occurred, but there is strong evidence that the plants are now precisely as they were a century or more ago, will go far to allay the gloomy forebodings in consequence of which these enquiries were instituted. The suggested legislation to penalize the fraudulent watering of jute is still under discussion. An attempt was made during the year under report to introduce superior varieties of Egyptian and American cotton, and the best varieties from other Provinces of India. The Lieutenant-Governor regrets that, owing to heavy and continuous rain and the unusal severity of the winter, the trial was a failure. Scientific enquiry regarding the cultivation of cotton in Bengal is entirely at the experimental stage, and His Honour thinks that several years of investigation and seed selection must necessarily pass before the Department will be in a position to confidently recommend selected varieties to the raiyat, or to undertake seed distribution on a commercial scale to the public.

5. *Irrigation Experiments*—Were undertaken on the lines indicated by the Irrigation Commission, especially with regard to economy in the use of water. It appears that it is too early to summarise the results, and the experiments are being repeated at all the places at which they were tried last year. The Lieutenant-Governor hopes that crop-cutting experiments on fairly comparable irrigated and unirrigated areas will be conducted on a much larger scale during the coming season, and that the co-operation of officers of the Irrigation and Agricultural Departments in the conduct of these experiments will establish the value of irrigation, and trusts that the results will be published in the vernacular and widely distributed.

6. *Experimental Farms.*—Besides the three farms, Sibpur, Chittagong and Cuttack, mentioned in the Report for 1903-1904, arrangements were made during the year under report for establishing two more farms (one at Rampur Boalia and the other at Rangpur). A consideration of the reports of the work done in each farm shows that the manuring of paddy with saltpetre and bone-meal did not produce results in the Sibpur and Cuttack farms equal to those in the Burdwan farm. The question of cattle-breeding, which only arises in the Sripur farm, has been separately dealt with in the recent Resolution on the Report of the Veterinary Department. This Government has decided to support the policy, laid down by the Inspector-General of the Veterinary Department to the Government of India, of improving local breeds for agricultural purposes by a process of rigorous selection, and of discountenancing cross-breeding, except for improvement in milking qualities.

7. *The Experiments in Government and Wards' Estates* still show want of continuity and of definite aim. His Honour hopes that in the course of the development of the Agricultural Department trained officers will be supplied to immediately supervise the various experiments in these estates, and that programmes will be framed for them by the more highly trained officers of the Agricultural Department. An attempt should be made also to attract raiyats from Government and Wards' Estates to the Government farms, and to provide for them suitable instruction in methods of cultivation.

8. The Lieutenant-Governor desires to call the attention of District Officers to the circulars issued by the Entomologist to the Government of India, and trusts that his instructions will be complied with and every facility given to him or his assistants to investigate all cases of damage by insect pests.

9. *Sericulture.*—The Lieutenant-Governor is glad to find that the Silk Committee continues its useful work in the districts of Birbhum, Malda, Murshidabad and Rajshahi, and trusts that with larger funds at its disposal its sphere of usefulness may be widely increased. In the district of Malda a sericultural class in connection with the Jote Arapur Middle English School has been opened.

10. *Agricultural Education.*—Ten students passed out of 14 at the final examination from Sibpur. The Lieutenant-Governor hopes to employ as many of these passed students and of the passed students of the previous years as possible in connection with the scheme for development of the Agricultural Department, and to include them in the proposed graded services. Four passed students selected by the Director of Land Records have lately been sent to America for a post-graduate course of two years' practical training, and one passed student was deputed to Pusa for a course of training in Entomology and another to Burma for training in cigar-making.

Agricultural classes have been attached to the Ravenshaw College and Collegiate School at Cuttack, the Chittagong Collegiate School, the Gaya Zilla School, the Dumraon High School, Howrah Zilla School and the Burdwan Municipal School. His Honour trusts that every effort will be made to supplement the lectures by as much practical and manual training as possible. He hopes that District Boards will, in time, provide scholarships for selected students from these classes to proceed to the proposed Bengal Provincial College of Agriculture.

The Rajshahi Sericultural School during the year under report has enlarged its courses of study, and now teaches not only sericulture but also weaving and other technical subjects, such as Engineering, Carpentry, etc. It is hoped that the District Board of Midnapore, in view of the falling-off in the number of

scholars of the Sabong Seri-Agricultural School, may be able to afford more assistance in the way of encouraging pupils by scholarships.

11. *Publication of Agricultural information, etc.*—The Lieutenant-Governor trusts that, with the proposed increase of the expert staff of the Department, fuller publication of results in farms will be made both by distribution of pamphlets in the vernacular, by publication of an agricultural magazine, and by *communiqués* to the press.

12. *Agricultural Associations.*—With a view to securing for Government the co-operation of men interested in agriculture His Honour the Lieutenant-Governor inaugurated in August last the Bengal Provincial Agricultural Association. The members include some 33 leading zamindars and men of business, and meet at Writers' Buildings, Calcutta. Steps are being taken to provide a large reference library for the members of the Association. A Divisional Agricultural Association was also formed at Calcutta and a District Association at Rangpur during the year under report, and more associations are now being formed.

13. *Indigo.*—With the help of the Bihar Indigo Planter's Association experiments on the manufacture of indigo and on the cultivation of Java-Natal and Java-acclimatised seed have been made, and His Honour has recently given a prize for the invention of a cheap machine for treatment of this seed to ensure germination.

14. The thanks of the Lieutenant-Governor are due to Mr. Maddox for the zeal with which he has managed the Department during his tenure of the office of Director, to the Assistant Directors, Messrs. D. N. and N. G. Mukerji, and to Mr. Beatson Bell for an interesting report.

15. In conclusion, His Honour desires to place on record his appreciation of the valuable advice and assistance rendered by the officers in the Imperial Agricultural Department, especially Messrs. Sly, Mollison and Lefroy and Dr. Butler.

By order of the Lieutenant-Governor of Bengal,

R. W. CARLYLE,

*Offg. Chief Secy. to the Govt. of Bengal.*

**General Summary.**—The rainfall during the week was generally light, but very heavy in Bhagalpur and also in Monghyr; while Howrah, Gaya, Saran, Balasore, Puri, Ranchi and Singhbhum received no rain at all. The heavy fall in Bhagalpur caused floods which resulted in some damage to the standing crops. Damage from floods is also reported from Mymensingh, Tippera and Darbhanga. Prospects otherwise fair. Weeding of winter paddy is going on. Cultivation of the fields for sowing of *rabi* crops has commenced in Bihar, also in Orissa and Chota Nagpur. There is cattle-disease in the districts of the Chota Nagpur Division and in a few other districts. Water-supply abundant. Fodder is reported to be scarce in the districts recently visited by floods. Price of common rice continues high in the districts of North and East Bengal, especially in Mymensingh. Prices in Purnea have gone down appreciably.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; p, passing temporary showers; t, thunder; ≤, lightning; ≏ dew; K, hunderstorm.

*Secy. to the Govt. of Bengal.*

5. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented at any time; but, if presented after the 31st March in the year during which the lease is to commence, an additional charge of 1 pice per *goont* of local measure, equivalent to 6 annas 3 pies per man, will be made for the year following that in which the lease has been applied for.

The Subdivisional Canal Officer shall, at a date not less than three months and not more than six months before the expiry of a lease for a term of years, send a notice in writing to the representative of the cultivators informing him of the fact. Such notice shall request that early intimation may be sent if it is desired to renew the lease, and shall draw attention to the extra charge which will be incurred if the application is presented after the 31st March.

The preliminary application may be presented either at the Subdivisional or Sectional Canal office. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the zilladar in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

6. The zilladar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

The amin shall write out daily in the form provided for the purpose abstracts for each cultivator of the entries in the khasra relating to lands in his occupation, and shall deliver such abstracts to the representative for distribution.

9. On the 1st December of each year, or on any subsequent date, the Divisional Canal Officer may decline to proceed with a lease for a term of years, the application for which has not been fully signed by that date. Provided that the form of application shall have been tendered to the cultivators through their representative for signature after the adjustment of any matters in dispute with regard to classification or area of land not less than 15 days before the 1st December or subsequent date. Any provisional lease covering the same lands on which a supply of water may have been granted pending the completion of the lease for a term of years shall then become the substantive lease for the season and shall be put in force.

9A. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply

on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules and shall at once supply water.

47. Before any lease other than a special lease for *dalwa* rice provided for in rule 19 is entered into, the Deputy Collector or other officer in charge of the Revenue Division shall select as representative of the cultivators a person or persons who must have a direct interest in the land covered by the lease. The selection shall be made with the consent of a majority of the cultivators having an interest in the lease and in consultation with the Subdivisional Canal Officer. The person or persons so selected shall continue as representative for the village, unless he or they resign the office, or unless the Deputy Collector or other officer in charge of the Revenue Division shall, for reasons recorded in writing, remove him or them from the office.

47A. The person or persons so selected are required to give assistance in respect of the following matters :—

(1) To assist the amin while preparing the assessment papers.

(2) To assist in procuring and to attest the signatures to applications for leases.

(3) To receive and to distribute to the persons concerned the individual notices of amounts charged.

(4) To attend and to assist at enquiries into complaints.

(5) To give information to the Subdivisional Officer or to the Sectional Officer of any insufficiency in the supply of water or of any misuse of the water.

(6) To give information to the zilladar with respect to alterations in the occupancy of lands under a lease for a term of years

(7) To assist the tahsildar in collecting the rates.

48. For such assistance the representative or representatives shall be entitled to the free irrigation of lands in his or in their own occupation which may lie within the lands covered by the lease, subject to a total limit of 3 per cent. of the area assessed.

The Deputy Collector or other officer in charge of the Revenue Division may, for reasons recorded in writing, disallow in whole or part such free irrigation, and may recover the rates which would otherwise have been charged, if the assistance required by rule 47A has not been rendered to the best of the ability of the representative or representatives.

## SCHEDULE OF RATES.

1. On a lease for a term of years for the irrigation of all crops on the land leased (supply of water given from 16th June to 31st March in each year)—

| | Per mán. Rs. A P. |
|---|---|
| For leases executed prior to 30th June 1902 .. | 1 8 0 |
| Ditto from 1st July 1902 ... ... | 1 12 0 |

2. For such lands included in a lease for a term of years as may be classified by the Canal Officer under rule 3 as only deriving material benefit in seasons of short rainfal, annas 8.

These rates fall due on the 1st February of each year.

Provided that in all cases in which the preliminary application for the lease has been presented on any date subsequent to the 31st of March of the year during which the lease is to commence, an additional charge of one pice per *goont* equivalent to 6 annas 3 pies per mán shall be made on all lands in the lease for the year subsequent to that from which the lease commences.

## APPENDIX III.

APPLICATION FOR SUPPLY OF WATER PRIOR TO CONCLUSION OF { * a lease for a term of years / a season lease for autumn (Sarad) rice }.

WE, being cultivators of Mauza Pargana hereby certify that we have presented an application for the grant of { * a lease for a tearm of years / a season lease for autumn (Sarad) rice } to cover all the irrigable land in a block situated in Mauza the area of which is approximately máns. The boundaries of the block are shown in the attached sketch map, and are as specified below.

Now, in order that we may obtain a supply of water at once and before the { * lease for a term of years / a season lease for autumn (Sarad) rice } can be concluded, we whose signatures or marks are annexed below severally bind ourselves to pay the water-rate on our holdings within the limits of the block as specified which may be determined by the Canal Officer to be irrigable: Provided that those fields which, under the existing conditions of cultivation, do not, in this season require a supply of water, shall be exempted though classed as irrigable. We agree that under any circumstances the area to be charged for under this application shall be not less than máns as specified by each of us below. In the event of { * a lease for a term of years / a season lease for autumn (Sarad) rice } not being concluded through the default or the non-consent of any of the cultivators of irrigable lands within the block, a rate of Rs. 3 per mán on the area determined as irrigable and as liable to be charged for in the present season will be charged to us and will be payable by us on or before the 1st of February next. Water to be supplied up to 30th November only.

In token of our obligation in this agreement, we annex our signatures or marks below.

## APPENDIX VIII.

### PERMIT FOR SUPPLY OF WATER PENDING COMPLETION OF LEASE FOR A TERM OF YEARS OR OF SEASON LEASE FOR RICE IRRIGATION.

To

of Village Pargana

WHEREAS you have applied for a supply of water which is required at once and before the {* lease for a term of years / season lease for rice irrigation} for which you have applied can be concluded and whereas you have agreed on condition of obtaining a supply of water that you whose names are recorded above will be severally responsible for the water-rates which may be due on your holdings in the full irrigable area of the block, the area of which is approximately màns and the boundaries of which are shown in the attached sketch map and are as specified below. Provided that those fields which under the conditions of cultivation of the present season do not in this season require a supply of water shall be exempted though classed as irrigable. Further provided that, as agreed by you, under any circumstances the area to be charged for under this lease shall not be less than màns.

This is to inform you that water will now be supplied to the block from the Distributary Canal and the supply will be continued as required up to 30th November next. Your responsibility under the terms of your application will remain until the {* lease for a term of years / season lease for rice irrigation} is concluded when it will cease. In the event of the {* lease for a term of years / season lease for rice irrigation} not being concluded, through the default or non-consent of any of the cultivators of irrigable lands within the block, you will under the terms of your application be liable severally for a rate of Rs. 3 per màn on your holdings in the full irrigable area of the block subject to the provisos above, and on the 1st of February next or on any subsequent date you may severally be called on by the Deputy Collector or other officer in charge of the Revenue Division to pay the amount due on your respective holdings.

The following draft of rules which it is proposed to make under section 27 of the Co-operative Credit Societies Act, 1904 (X of 1904), is published for the information of persons likely to be affected thereby. The draft will be taken into consideration on or after the 25th November 1905, and any objection or suggestion which any person may desire to make should be communicated to the undersigned before that date.

## DRAFT RULES.

Definitions.

1. In these rules,—

"the Act" means the Co-operative Credit Societies Act, 1904; and

"the rules" means rules made under the Act and for the time being in force.

Application for registration.

2. (*1*) Every application for the registration of a Society must be submitted to the Registrar, Coöperative Credit Societies, in the form contained in the schedule to these rules, and must be signed by the applicants.

(*2*) With every such application there must be submitted a copy of the by-laws (if any) which the Society proposes to make, and such copy must be signed by the applicants.

Procedure of Registrar on receipt of such applications.

3. (*1*) The Registrar shall examine such application and by-laws in order to satisfy himself as to—

(*a*) whether they are in conformity with the Act and the rules,

(*b*) whether the by-laws are suitable for ensuring the safe conduct of business and the carrying out of the intentions of the Act; and

(*c*) whether the Society fulfils the intentions and conditions of the Act and the rules; and may require any alterations to be made in the application or by-laws in order to bring them into conformity with the Act or the rules.

(*2*) If the Registrar is not satisfied on all points mentioned in clauses (*a*), (*b*) and (*c*) of sub-rule (*1*), he shall refuse to register the Society; but if he is so satisfied he shall grant a certificate of registration.

(*3*) Whenever the Registrar refuses to register a Society, he shall record his reasons in writing, and the applicants may appeal to the Board of Revenue whose decision shall be final.

Nominees of deceased members.

4. (*1*) Any member of a Society may nominate any person to whom or to whose credit the moneys referred to in section 16 of the Act shall be paid or transferred on the death of the member.

(*2*) The Society must keep a register of all persons so nominated.

Borrowing.

5. (*1*) Registered societies may borrow, in accordance with law, from either members or non-members; and all borrowings shall be regulated by by-laws.

(*2*) Borrowings from members shall ordinarily take the form of deposits.

(*3*) The maximum amount of borrowings shall be determined annually at a general meeting of the Society, and shall be reported to the Registrar.

6. (1) Any Society may make by-laws in respect of the following matters, namely:—

Power to make by-laws.

(a) the name and registered address of the Society, and the area of its operations;

(b) the objects for which the Society is established; the purposes for which the funds thereof are applicable; the terms of admission of members; the conditions under which members may obtain loans, and the consequences of default in payment of any sum due by a member;

(c) the mode of holding meetings, the right of voting, and the manner of making, altering and abrogating by-laws;

(d) the rights and liabilities of membership;

(e) the mode of appointment and removal of a Committee and of officers (if any), and the duties and powers of the Committee and the officers;

(f) the manner in which capital may be raised, by means of shares or debentures, or by borrowing from persons who are not members, or by taking deposits from members, or otherwise;

(g) the mode of custody and of investment of the funds, and, subject to the rules, the mode of keeping the accounts; and

(h) any other matters incidental to the management of the business of the Society.

(2) When a Society has been registered, the by-laws submitted under rule 2 shall, subject to any modifications approved by the Registrar, become the by-laws of the Society on their being adopted by a majority at a meeting of not less than two-thirds of the members.

(3) By-laws may be made, altered or abrogated thereafter in accordance with a resolution passed at a general meeting of the Society:

Provided that—

(a) due notice of any proposal to make, alter or abrogate is given in accordance with the by-laws;

(b) the resolution is passed by not less than two-thirds of the members present at the general meeting, and by not less than half of the total number of the members; and

(c) the making, alteration or abrogation is approved by the Registrar.

7. Every Society shall keep the following accounts and books, namely:—

Accounts and books.

(a) Register of members, together with their addresses, caste and date of membership;

(b) Register of shares or debentures (if capital is raised by shares or debentures);

(c) Cash account;

(d) Members' loan accounts;

(e) Depositors' accounts;

(f) Register of members' nominees to their interest in case of death;

(g) Savings Bank account;

(h) Minute-book, in which the proceedings of general meetings, of meetings of the Committee, and of Supervisors shall be recorded.

8. For the purposes of section 22 of the Act, a copy of any entry in a book of a Society may be certified by a certificate written at the foot of such copy that it is a true copy of such entry, that such entry is contained in one of the ordinary books of the Society and was made in the usual and ordinary course of business, and that such book is still in the custody of the Society; such certificate being dated and subscribed by the Chairman of the Society or by any other officer approved by the Registrar.

Certifying copies of entries in books.

MEDICAL DEPARTMENT.

*No. 891.*—The following regulations for the grant of study leave to officers of the Indian Medical Service are published for information:—

1. Extra furlough for the purpose of study may be granted to officers of the Indian Medical Service on the recommendation of the Director-General, Indian Medical Service.
2. The period of such study leave will be calculated at the rate of one month for each year of service, up to a total of twelve months in all, during an officer's service.
3. Study leave may be taken at any time, but will not be granted more than twice in the course of an officer's service.

4. The minimum period of study which will render an officer eligible for study leave shall be two months.

5. The minimum period of leave granted solely as study leave shall be six months. Time spent on the journey to and from India by an officer whose study leave is not combined with any other kind of leave will reckon as study leave, but the allowance specified in rule 9 will be granted during the period of study only.

6. Study leave can be combined with any other kind of leave, provided the period occupied in study is not less than two months and, in the case of leave on medical certificate, provided that the Medical Board at the India Office certifies that the officer is fit for study. In the case, however, of officers in military employment study leave cannot be taken in continuation of the combined privilege leave and furlough admissible under the terms of India Army Order No. 64 of 1904, if the total period would thereby exceed eight months, but study leave may be so taken provided such leave is for not less than two months and the total period of combined privilege leave, furlough and study leave does not exceed eight months; this limitation to eight months does not, however, apply in the case of study leave combined with privilege leave alone. The total period of absence from India will be strictly limited to two years.

7. Except as provided for in rule 8 all applications for study leave shall be submitted, with the audit officer's certificate, to the Director-General, Indian Medical Service, through the prescribed channel, and the course or courses of study contemplated and any examination the candidate proposes to undergo shall be clearly specified therein.

8. Officers on furlough who wish to have part of their furlough converted into study leave should address the Under-Secretary of State, India Office, and should furnish a statement showing how it is proposed to spend the study leave.

9. During the course of study lodging allowance at the rate of 8*s.* a day for a field officer, 6*s.* for a captain, and 4*s.* for a lieutenant will be granted. It is to be understood that in order to qualify for the grant of study leave or for the receipt of lodging allowance, a definite course of study at a recognised institution, which will occupy the time of the officer for five or six days a week, must be pursued.

10. On completion of study the certificates of examinations passed, or the certificates of special study, which must show the dates of commencement and termination of the course, with any remarks by the instructor, shall be forwarded to the Under-Secretary of State, India Office, who will arrange for the transmission of the documents to the Director-General, Indian Medical Service. Officers may also be called upon to report themselves in person to the President of the Medical Board, India Office, on the conclusion of their course of study.

11. Study leave will count as service for promotion and pension, but not for furlough or any other leave. It will not affect any leave which may already be due to an officer.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Mogalserai-Gaya section of the East Indian Railway, in the district of Shahabad, will be put up to sale at 12 o'clock on the 1st of November 1905, corresponding with the 19th Kartik 1313 Fasli, at the office of the Collector of Shahabad, Arrah.

The purchasers of the several plots of land will be subject to the following conditions:—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 3 feet from its foundation.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold revenue-free to the highest bidder.

*5th.*—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

# THE INDIAN LAW REPORTS.

*Published in FOUR SERIES, viz.:*

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

## RESOLUTION ON THE FINAL REPORT ON THE SURVEY AND SETTLEMENT OF THE KALIMPONG GOVERNMENT ESTATE IN THE DISTRICT OF DARJEELING.

REVENUE DEPARTMENT—LAND REVENUE.

*Darjeeling, the 11th October 1905.*

RESOLUTION—No. 4154T.—R.

READ—

The Final Report on the settlement of the Kalimpong Government Estate in the district of Darjeeling, with letter No. 374S, dated the 3rd February 1905, from the Director of Land Records, and a Resolution of the Board of Revenue, No. 1966A, dated the 15th March 1905, reviewing the Report.

The Kalimpong Government Estate in the district of Darjeeling forms part of the territory annexed after the Bhutan war of 1865. At that time the inhabitants paid a capitation tax which was continued till the year 1881-82 when a portion of the estate, where cultivation was fairly well advanced, was surveyed and assessed to land revenue, the capitation tax being left untouched in the remaining portion where the lands were to a great extent unreclaimed. The tract settled in 1881-82 was again settled for ten years in 1891-92, but the remaining area was still considered unfit for detailed survey and for the imposition of a land tax.

2. The operations which form the subject of the present Report were commenced in October 1901, six months before the expiry of the term of the last settlement, and were completed in November 1903. They were

conducted under the provisions of the Bengal Survey Act of 1875, and of Act VIII (B.C.) of 1879, and embraced the whole estate, after Government had satisfied itself by careful inquiry that the time had come for the supersession of the capitation tax by a land settlement in the area previously left unsurveyed. The total area surveyed was 114,216 acres, or 178·4 square miles, of which 53,349 acres were found to be held by raiyats, the area under cultivation being 48,230 acres. In some parts of the estate cultivation has reached its extreme limit, and the Lieutenant-Governor accepts the Settlement Officer's recommendation that no new land should be granted for cultivation to raiyats in any of the blocks noted in the margin.

3. His Honour notices with satisfaction that the Settlement Officer has demarcated and mapped suitable pieces of waste land as reserves for grazing, fodder and fuel, and that their reservation is appreciated by the villagers.

4. Under the new settlement, which will last for ten years from 1st April 1903, the rental of the area previously surveyed has been raised from Rs. 20,533 to Rs. 27,393, or by Rs. 6,860; in the area newly surveyed the assessed rents aggregate Rs. 8,548 as against Rs. 9,611, the revenue derived from the capitation-tax, the reduction amounting to Rs. 1,063. The assessment has however been distributed more fairly in accordance with the capacity of the cultivated lands. The net enhancement for the entire estate has thus been Rs. 5,797. Of the enhancement in the older area, Rs. 1,386 are due to extension of cultivation, and Rs. 5,474, or 26·6 per cent. on the existing rental, to increase in the rent-rates. At previous settlements the rent-rates were kept low with the object of attracting cultivators, and even now the average rent-rate in the area in question, exclusive of bazar and cardamom lands which bear special rates, is only 11 annas 10 pies per acre, including the money value of two days' free labour given by each adult for the maintenance of village roads reckoned at about two annas. The Lieutenant-Governor is satisfied that the new rents, which are reported by the Settlement Officer to have, on the whole, been accepted by the raiyats with alacrity, are very moderate. It is also gratifying to His Honour that in the area not previously surveyed the raiyats, instead of demurring to the discontinuance of the capitation-tax, showed considerable appreciation of the leases which they received for the first time.

5. The net total cost of the operations amounts to about Rs. 66,000, or 9 annas 3 pies an acre. This includes the Settlement Officer's travelling allowance, but excludes his pay, as he had certain other duties to perform in addition to the settlement work. The cost of the survey work was high, but this is satisfactorily explained by the fact that the lands are scattered and situated on hill-sides, and by the other facts stated in paragraph 246 of the Report. The Lieutenant-Governor notices with regret that the work of attestation was delayed by the facts stated in paragraph 204 of the Report, viz., that many mistakes were found in the rent-rolls kept in the office of the Manager of the Estate, and that many of the *pattas* which had been filed by raiyats in connection with cases during preceding years and deeds of compromise and other important documents had been lost or were not forthcoming from that office. With regard to the loss of the *pattas* it is explained that some of them were destroyed in the fire which took place in the Deputy Commissioner's office in 1897. His Honour trusts that the Board of Revenue will take steps to maintain the records and rent-rolls of the new settlement in a more efficient condition.

6. The Settlement Officer has made various suggestions in the paragraphs of his Report noted in the margin. They will be dealt with by the proper authority in due course. The special attention of the Board is invited to the remarks in paragraph 76 of the Report relating to transfers. Under the rules, approved in Government order No. 2027T.—R.,

Paragraphs 15, 16, 17, 19, 20, 21, 31, 33, 69, 76, 92, 95, 126 and 233.

dated the 16th September 1904, for the maintenance of the settlement records in the estate, the entries in the *khasra* will be checked on the spot once a year. The Lieutenant-Governor thinks that, as suggested by the Settlement Officer, both the transferee and the *mandal* concerned should in each case of unreported transfer disclosed by the annual check be punished in accordance with the terms of the *patta* and the *sanad*.

7. With the preceding remarks, the Lieutenant-Governor confirms the settlement made for a period of ten years from the date on which the term of the preceding settlement expired. He desires his acknowledgements to be conveyed to Mr. C. A. Bell, I.C.S., for the able and sympathetic manner in which he has accomplished the task. His Honour's cordial thanks are also due to the Revd. J. A. Graham, D. D., President of the Kalimpong Colonial Homes, for the valuable services he has rendered to the tenants of the estate.

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

R. W. CARLYLE,

*Offg. Chief Secy. to the Govt. of Bengal.*

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

*No. 4395T.R.—The 23rd October 1905.*—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz, for the East Indian Railway Company's Kankanee assisted siding, Jheria, Manbhum, and whereas coal-mines are situate under the said land, and whereas the Eastern Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the said mines, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Eastern Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant Governor of Bengal is pleased to declare under section 5, sub-section (2), clause (*b*) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Eastern Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

*No. 14 Seam.*—Galleries to be driven not more than 10 feet wide and 12 feet high, with centres not less than 100 feet apart in the dip direction and 90 feet apart in the level direction, forming pillars not less than 90 feet long and 80 feet wide.

*No. 15 Seam.*—Galleries to be driven not more than 10 feet wide and 12 feet high, with centres not less than 60 feet apart, forming pillars not less than 50 feet square.

No coal to be worked in either seam nor galleries driven where the distance to the surface from the top of the gallery (if driven) would be less than 50 feet, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 44 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India.

# THE INDIAN LAW REPORTS.

*Published in FOUR SERIES, viz.:*

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

**Ranchi.**—Rainfall nil. Weather little cloudy. Standing crops suffering from want of rain. Harvesting of *gora*, *marua* and *urid* continues. Cattle-disease reported from two thanas. Fodder and water sufficient. Common rice sells as follows:—

| | Srs. | ch. | |
|---|---|---|---|
| Sadar ... ... ... ... | 11 | 0 | per rupee. |
| Gumla ... ... ... ... | 14 | 0 | |

**Palamau.**—Rainfall nil. Weather seasonable. Sowing of *rabi* crops in progress. Standing crops doing well. A few cases of cattle-disease reported. Fodder and water sufficient. Rice sells at Sadar 12 seers 6 chittacks per rupee.

**Manbhum.**—Rainfall nil. Weather seasonable. Prospect of winter rice good. Sowing of rape and mustard completed and that of wheat estimated at 2 annas. Outturn of maize and *mandua* estimated at 50 per cent. Fodder and water sufficient. Cattle-disease reported from Purulia thana. Common rice sells at 13 seers a rupee at Sadar and 12 seers at Gobindpur.

**Singhbhum.**—Rainfall at Sadar 0·01. Rearing of *bâgui* and *leria tussar* nearly finished. Prospects of crops good. Cattle-disease reported from thana Chakradharpur. Fodder and water sufficient. Rice sells at 13 seers per rupee.

**General Summary.**—Rain was general in Orissa and nearly general in South-West Bengal. The fall was heavy in Jessore, moderate in Midnapore, Howrah, Khulna and Balasore, but light elsewhere. On the other hand, Bihar and practically Chota Nagpur received no rain. Some rain now in this tract would be highly beneficial to the winter paddy which is just coming into ears. *Rabi* sowings have commenced in Bihar and the fields are being prepared for them in Lower Bengal. Prospects generally fair. Cattle-disease continues in all the districts of the Chota Nagpur Division and in a few other districts. Water plentiful. Fodder sufficient except in parts of Darbhanga. The price of common rice is slowly coming down.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; p, passing temporary showers; ≏, dew.

## SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF SEPTEMBER 1905.

SEPTEMBER 1905 was fortunate in a very general, steady, and abundant monsoon, considerably more so than is usual, and without a single break of importance. In every division of the Province the month's rainfall has been in considerable excess, and it more than made up for all previous defects of the monsoon period, Orissa alone being in defect for the whole season. The usual two cyclonic storms developed during the month in the northern part of the Bay and passed inland in a north-westerly direction. Three depressions also formed over the south of the Province, two of which developed into small cyclonic storms as they moved northwards.

The falling barometer of the last few days of August was checked by a slow rise over the whole north-western land area on the 1st of September accompanied and followed by a slight weakening of the monsoon current and a falling off in the rainfall. This uniform pressure over the Province slowly developed into a shallow depression moving slightly westwards on the 3rd, 4th, and 5th, its south-easterly end finally developing into a cyclonic storm of small intensity just off the Orissa coast on the 6th and 7th, crossing inland between False Point and Balasore on the morning of the 8th, and away westwards over the Central Provinces on the 9th. Ever since the 3rd this depression had caused an indraught of moist winds in its wake which gave a copious precipitation all over Bengal which was only temporarily stopped on the 10th and 11th before another depression with its accompanying abundant rainfall was again slowly developed over Chota Nagpur on the 12th and 13th and deepening as it moved northwards over Bihar on the 14th and 15th, on both of which days and that following the rainfall all over Bengal and Bihar was phenomenally heavy, and only began to fall off as the storm broke up against the Nepaul Hills. On the 18th a shallow depression appeared over Upper Burma which, attracted as it were towards the residual trough of low pressure in the north-west, gradually expanded and moved outwards over the northern part of the Bay, where it travelled slowly westward developing all the time until it struck the coast, its centre crossing close to Calingapatam at 4 A.M. on the 24th. Its maximum barometric depth was about one-third of an inch below normal. It continued to move in a westerly direction for a few hours and its path then gradually curved round into a north-westerly course and the depression was traced across the Central Provinces until the 28th when it disappeared over Nagpur. The full tale of the damage done by this storm has not yet been collected, but it included the wiping out of whole groves of trees which had certainly stood for over 50 years along the coast and the breaking down of the telegraph poles along 70 miles of the East Coast Railway. The rain which accompanied it was locally estimated at about 7 inches all round the path of its centre (8·05 inches were measured in 27 hours at Calingapatam) and was probably much heavier on the slopes of the Eastern Ghauts. The resulting floods inundated several villages and caused two very serious breaches in the railway. Simultaneously rain was widely diffused over the Province on the 23rd and was gradually drawn away towards Bihar and Chota Nagpur on the 24th and diminished to scattered showers in Bengal on the 25th and 26th. During the 27th a depression of slight extent moving westward from the interior of Burma and the south of East Bengal developed over the Gangetic delta, and passing over Calcutta on the morning of the 28th proceeded in a north-westerly direction during that day and in a northerly direction across Bihar on the 29th and broke up in the Himalayas before the 1st of October. The last three days of September were thus characterised by a very heavy precipitation all over Bihar, Bengal and Orissa, and left the Province in full possession of a vigorous monsoon.

*Summary of pressure.*—Pressure was about normal across the south-eastern quarter of the Bay and well below normal over the whole Province, giving thus a steeper average pressure gradient than usual as the cause underlying the strong monsoon winds.

*Summary of temperature.*—The abundant rain and absence of the usual long "breaks" in the monsoon naturally reduced the average temperature of the month, though only a trifle below normal. This deficiency did not extend up to the Himalayas, along the base of which in fact the mean temperature was slightly higher than usual. Darjeeling of course showed the lowest average temperature both for days and nights, its coldest record for the month being 51°·6. Saugor Island had the highest mean temperature 84°·2: Arrah recorded the highest maximum 96°·9: the lowest trustworthy minimum in the plains being 70°·5 at Dehree.

*Summary of rainfall.*—Rain was continuous and fairly heavy over the whole Province. Every division shows an excess on the total for the month from as much as 80 per cent. in East Bengal down to only 1 per cent. in North Bengal (two of whose districts which could best afford it, Cooch Behar and Jalpaiguri, alone in the whole Province showing a large proportionate defect).

The number of rainy days was considerably more than usual.

The following table gives a condensed summary of the rainfall statistics of the present year up to date for each Meteorological Division, the first nine columns giving the actual average falls in each Division for each month expressed as a percentage of the normal, while the tenth column gives the actual rainfall of the first nine months as a percentage of the normal rainfall for that period:—

# THE INDIAN LAW REPORTS.

*Published in FOUR SERIES, viz.:*

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

**General Summary.**—There was good rain in South-West and Central Bengal, the fall being very heavy in Jessore and Khulna. Orissa received some quantity, but rain was practically absent from Bihar and Chota Nagpur. Prospects of the *aman* paddy are on the whole good, though in parts of Bihar, Orissa and Chota Nagpur some more rain at this time would be beneficial to the high land *aman* paddy which is now in ear. *Rabi* sowing is in full progress. Cattle-disease continues in some districts of Chota Nagpur and also in Burdwan. The price of common rice shows a tendency to rise; it has risen in ten districts and fallen in one. The price is high in Purnea, and also in parts of Nadia and Khulna.

## PART I A.

### MILITARY SECRETARY'S OFFICE.

### NOTIFICATIONS.

*Simla, the 21st October 1905.*

*No. 1494M.*—His Excellency the Viceroy desires to notify that His Royal Highness the Prince of Wales will hold a Levée at Government House, Calcutta, at 9-30 P.M., on Friday, the 29th December 1905.

II. All Civil, Naval and Military Officers, Members of the Consular Body, Gentlemen whose names are borne on the Government House List, or who have already been presented at the Court of St. James, and Native Officers of the Native Regiments of the Garrison, are invited to attend.

III. The following regulations are to be observed at His Royal Highness the Prince of Wales' Levée—

(*a*) Gentlemen who propose to attend His Royal Highness's Levée are requested to send their cards addressed to the Office of the Military Secretary to the Viceroy, Calcutta, not later than Wednesday, the 20th December, *after which date no cards will be received*, and are also requested to bring with them two large cards with their names *clearly written* thereon—one to be left with the Aide-de-Camp in waiting in the corridor, and the other to be delivered to the Military Secretary to His Excellency the Viceroy at the moment of presentation, who will announce the name to His Royal Highness.

(*b*) Gentlemen who propose to present others should apply to the Office of the Military Secretary to the Viceroy, Calcutta, for a "Form of Presentation," which, after the necessary particulars have been filled in, should be submitted for approval *not later than Saturday, the 16th December 1905.*

IV. Gentlemen presenting others must themselves attend the Levée.

V. Gentlemen wearing uniform will appear in Full Dress.

VI. Clergymen being University Graduates and other gentlemen entitled to wear robes or gowns on account of Judicial or Academical office or status and not entitled to wear uniform will appear in such robes or gowns.

VII. Gentlemen not entitled to wear uniform, or robes or gowns will appear in Evening Dress.

VIII. Native gentlemen who do not appear in the dress prescribed above will wear Choga, Aba or Jubba and Chapkan, Chilta, Saya or Kaba with trousers and their distinctive National head dress, or the ceremonial dress approved for their class by the Local Government.

In the case of Bengali gentlemen the head dress should be a Pugree generally known as Shamla or Mouratta, and not a brimless cap.

In the case of Burmese gentlemen, the head dress should be a white fillet, the hair being dressed in a top knot.

Native gentlemen who do not appear in the dress prescribed in paragraphs V, VI and VII should not remove their head dress when they pass His Excellency.

At the Viceregal Court, only patent leather boots or shoes of an English pattern are allowed to be worn, except in the case of Native Military Officers, who wear the particular style of boot or shoe which forms part of their uniform.

IX. Gentlemen who had intended to be present but have found themselves unable to attend should submit an explanatory letter to the Military Secretary to the Viceroy before, or as soon as possible after, the Levée.

X. The carriages of Gentlemen having the Private Entrée will enter by the South Gate, and set down at the South Entrance of Government House.

All other carriages will enter by the North-East or North-West Gate, as may be convenient.

*No. 1495 M.*—Notice is hereby given that The Right Honourable the Earl and Countess of Minto will hold a Drawing Room at Government House, Calcutta, on Tuesday, the 19th December 1905, at 9-30 P.M.

Ladies whose names are borne on the Government House List, or who have already been presented at the Court of St. James, proposing to attend the Drawing Room, are requested to send their cards addressed to the Military Secretary to the Viceroy, Calcutta, not later than Monday, the 11th December 1905, *after which date no cards will be received*, and to bring with them to the Drawing Room two large cards with their names *clearly written* thereon—one to be given to the Aide-de-Camp in waiting in the corridor and the other to the Milithry Secretary, at the time of presentation.

Ladies who propose to present others should send in *in writing* for approval the names of such Ladies to the Office of the Military Secretary to the Viceroy, Calcutta, *not later than Saturday, the 2nd December*, when, if they are approved, presentation cards will be forwarded.

Ladies who present others must themselves attend the Drawing Room.

Ladies attending the Drawing Room will appear in full dress, but need not wear trains or feathers.

Ladies who had intended to be present but have found themselves unable to attend should send an explanatory letter to the Military Secretary before, or as soon as possible after, the Drawing Room.

Gentlemen having the Private Entrée themselves, and accompanying Ladies to the Private Entrée, will be admitted to the Throne Room.

Gentlemen accompanying Ladies by the Public Entrée will leave them at the Entrance to the Eastern Gallery and rejoin them in the Ball Room.

The carriages of those who have the Private Entrée will enter by the South Gate, and set down at the South Entrance of Government House.

All other carriages will enter by the North-East or North-West Gate, as may be convenient.

By Command,
A. H. M. EDWARDS, *Colonel*,
*Military Secretary to the Viceroy.*

The following orders, issued by the Government of India in the Home Department, are republished for general information.

R. W. CARLYLE,
*Offg. Chief Secy. to the Govt. of Bengal.*

## NOTIFICATIONS.

### ESTABLISHMENTS.

*Simla, the 26th October 1905.*

*No. 1159.*—The services of Mr. R. Nathan, C.I.E., of the Indian Civil Service, Private Secretary to His Excellency the Viceroy and Governor General, are replaced at the disposal of the Government of Bengal, with effect from the 18th November 1905.

### EXAMINATIONS.

*The 27th October 1905.*

## RULES FOR THE EXAMINATIONS OF JUNIOR CIVILIANS IN ORIENTAL LANGUAGES.

*No. 708.*—The following amended rules* for the encouragement of the study of Oriental languages among the junior members of the Indian Civil Service have been substituted for those published in the Home Department notification No. 1, dated the 2nd January 1880. They are published for general information, together with a detailed list of authorized text-books and with relevant extracts from the Civil Service Regulations.

[The rules will come into force from the 1st January 1906, except as regards the examinations in Persian and Arabic. In respect of Persian and Arabic they will come into effect from the 1st April and 1st July 1906 respectively.]

* These rules do not in any way affect the departmental examinations in law, language, etc., which junior civilians have to pass under the orders of Local Governments.

I.—The standards of examination and the donations to be given to successful candidates will be as follows:

| | | | Rs. | |
|---|---|---|---|---|
| Higher Standard | Persian | ... ... | 500 | With certificate from the presiding examiners. |
| | Arabic | ... ... | 800 | |
| | Sanskrit | ... ... | 800 | |
| High Proficiency | Urdu | ... ... | 1,000 | With certificate from the presiding examiners. |
| | Hindi | ... ... | 1,000 | |
| | Bengali | ... .. | 1,000 | |
| | Uriya | ... ... | 1,000 | |
| | Persian | ... ... | 2,000 | |
| | Arabic | ... ... | 2,000 | |
| | Sanskrit | ... | 2,000 | |
| Degree of Honour | Urdu | ... ... | 2,000 | With diploma from the Government of India. |
| | Hindi | ... ... | 2,000 | |
| | Bengali | ... ... | 2,000 | |
| | Persian | ... ... | 4,000 | |
| | Arabic | ... ... | 5,000 | |
| | Sanskrit | ... ... | 5,000 | |

II.—Subject to the condition that an officer serving in the Upper Provinces will not be eligible for examination in Bengali or Uriya, until he has obtained a certificate in one of the other languages, candidates may present themselves for examination in any of the languages enumerated in rule I. A civil servant attached to the Upper Provinces, who may have obtained a certificate of high proficiency in Urdu, Hindi or Persian, under the rules of the 2nd October 1861, or the rules of the 24th March 1870, or the rules of 2nd January 1880, will be deemed to have satisfied the foregoing condition.

III.—No civil servant will be permitted to present himself for examination by two standards of the same language simultaneously, but he may have the option of competing for the higher examinations in any language without first undergoing any inferior test.

IV.—No civil servant will ordinarily be permitted to appear more than twice as a candidate at any examination; but if a special recommendation be made by the examiners, a candidate will be allowed to appear a third time.

V.—No civil servant will be permitted to present himself for the higher standard, high proficiency, or honour examinations after the expiration of five, ten and fifteen years, respectively, counted from the date of his first arrival in India. No exception to this rule will be made on account of leave or any other cause.

Civil servants may be permitted to attend the examinations after the expiration of the periods specified in this rule, but no reward will be granted to them if they pass; and their leave must be limited to such time as may be necessary to enable them to attend the examination, and no extra expense must under any circumstances be caused to the State. In such cases it will be within the competence of Local Governments to refuse applications for permission to attend any particular examination, when compliance with such applications would involve inconvenience to the public service.

VI.—Civil servants who may have passed examinations under the rules of 1861 (cancelled in section VII of the rules of 1870) or of 1870 (cancelled in section I of the rules of 1880) or of 1880 (cancelled in the preamble to the present rules) will not be eligible to compete at corresponding examinations in the same language or languages under the rules now passed.

VII.—Civil servants who are natives of India are not eligible for rewards in passing in the vernacular of the district in which they were born or educated. The Local Government shall determine in each case what languages come within this definition.

VIII.—Examinations will be held quarterly on the first Monday in January, April, July, and October of each year at Calcutta.

Civil servants desirous of attending examinations must apply for leave to do so to the Local Government at least three months before the date of examination, and a copy of such permission should be forwarded to the Secretary, Board of Examiners, Calcutta, in the case of examinations held at the Presidency; but civil servants attached immediately to the Government of India must apply for leave to the Home Department, through the department of the Government of India under which they are serving, and such application must be accompanied by a certificate from the Accountant-General of the province to which the applicant belongs that he has not exceeded the time of residence mentioned in section V.

IX(A)—The following are the subjects of examination for the higher standard in Sanskrit and Persian:

(*a*) Construing, with readiness and accuracy, from the undermentioned books:

| | | |
|---|---|---|
| Sanskrit | ... | ... Riju Patha. |
| Persian | ... | ... 1. A selection from the "Tarikh-i-Sasaniyan." |
| | | 2. A selection from the "Safar-Nama-i-Shah-i Iran." |
| | | 3. "Narrative of Mrs. Hortestet" translated by Itimad-us-Sultana |

(*b*) Translating accurately and with correctness of idiom and grammar not less than half an ordinary octavo page of plain English into the language in which the examination is held.

(*c*) Reading manuscripts fairly, and translating them readily and correctly. These manuscripts may be selected from the proceedings of a case in court, from reports or petitions addressed to civil or military authorities, from letters passing in the ordinary course of business, or from private correspondence. They should not be written with the clearness of a printed book, nor yet in a very cramped or crabbed hand, but in such a manner as fairly and honestly to represent the written characters generally employed.

(*d*) *Viva voce* translation into the language of a paper of English sentences, and (in Persian only) conversing in the examiner's presence with a native of Persia, with fluency and with such correctness of pronunciation, grammar, and idiom as to be at once intelligible. In Sanskrit the colloquial test will be omitted.

(B).—The following are the subjects for the higher standard examination in Arabic:

(*a*) Translation from English into Arabic (written);
(*b*) *Viva voce* translation into Arabic of a letter on a simple subject;
(*c*) *Viva voce* examination in the prescribed text-book (Ar-Rauzatu-z-Zakiya);
(*d*) Reading and translating an Arabic manuscript of moderate difficulty selected as in rule IX [A] (*c*) above;
(*e*) Conversation of a simple character in Arabic.

X.—The following books are recommended for the guidance of candidates studying for the high proficiency examination:

| | | |
|---|---|---|
| Urdu | ... | ... Ikhwan-u's-Safa.<br>Nasr-i-be-Nazir.<br>Araish i-Mahfil.<br>Musnawiyat of Sauda. |
| Hindi | ... | ... Raj Niti.<br>Prem Sagar.<br>Ramayana, Book II. |
| Bengali | ... | ... Sitaharan.<br>Sakuntala.<br>Sitar Banabas.<br>Bijay Ballabha. |
| Uriya | ... | ... Hitopadesha.<br>Batris Singhasan.<br>Ramayana, Sundara Kanda. |
| Arabic | ... | ... Nafhat-ul-Yaman.<br>Selections from Alif Laila. |
| Sanskrit | ... | ... Hitopadesha<br>First nine cantos of Raghubansa (expurgated edition by Iswara Chandra Vidyasagar). |
| Persian | ... | ... *Prose*—<br>Gulistan.<br>Siyahat-Nama-i-Ibrahim Beg.<br>Haji Baba Ispahani.<br>Asar-i-Ajam.<br>Autobiography of the Amir Abdur Rahman.<br>Malcolm's History of Persia (Mirza Hairat).<br>Mukalama-i-Saiyyat-i-Irani.<br>*Poetry*—<br>Diwan-i-Andalib.<br>Diwani-i-Sarkhush.<br>*Newspapers*—<br>Ittila'.<br>Iran. |

(*a*) Translating *viva voce* with readiness and accuracy from the prescribed text-books and answering questions arising out of the passages in which the candidate is examined. In Persian half the passages for translation will be selected from the listed works and half from works of a similar standard of difficulty.

(*b*) Written translation into English of a previously unseen passage in narrative style selected from the current literature of the day.

NOTE.—This rule does not apply to Sanskrit. The passages set for translation from Arabic and Persian into English will not necessarily be in narrative style.

(*c*) Written translation, with accuracy of idiom and neatness of expression into the language in which the examination is held, of an English paper in narrative style.

(*d*) Written translation of a paper of idiomatic sentences in English into the language.

(*e*) Conversation in the language (except in Sanskrit). In this portion of the test the candidate will be expected to converse freely and fluently on general subjects.

NOTE.—In the case of Arabic and Persian the candidate must exhibit a competent knowledge of the modern spoken idiom. Candidates in Arabic will be required to converse with an Arab speaking pure Arabic. In the case of Persian the conversation may be with a native of Shiraz, Teheran or Gilan.

(*f*) Reading and translating at sight manuscript in the language.

(*g*) *Viva voce* translation at sight into the language of a paper in English placed before the candidate. This translation as it is made will be written by a munshi as dictated by the candidate, who will be permitted to correct his translation when completed upon its being read out to him by the examiner. The time occupied in this exercise will be taken into account in awarding marks.

(*h*) A paper of grammatical questions.

XI.—The following are the subjects for the honour examination:

| | |
|---|---|
| Urdu ... ... | Fisana-i-Ajaib.<br>Diwan of Atash, 1st half.<br>Kulliyat of Sauda.<br>Urdu-i-Mualla of Ghalib. |
| Hindi ... ... | Satsaiya of Behari Das, with Commentary of Sri Lallu Lall.<br>Sabha Bilas.<br>Ramayana of Tulsi Das. |
| Bengali ... ... | Mahabharata, Translation by Kasi Das, Books I—III.<br>Kadambari.<br>Allaler Gharer Dulal.<br>Kapala Kundala. |
| Arabic ... ... | Hamasah, 1st two Books, pp. 1—109, Calcutta edition.<br>Timur Namah.<br>Mukamat of Hariri, 1st half.<br>Saba Maullakat. |
| Sanskrit ... ... | (*a*) 1st and 2nd Adhyayas of the 1st Ashtaka of the Rigveda Sanhita.<br>(*b*) Cantos I to VI and XI to XVIII, inclusive of the expurgated edition of the Kiratarjuniya of Iswara Chandra Vidyasagar.<br>(*c*) Sakuntala Nataka. |
| Persian ... ... | *The degree of honour test in Persian will comprise the whole range of the language and a knowledge of the classical as well as of the modern language will be demanded of the candidate.*<br><br>The following works are recommended for study.<br><br>*Prose*—<br>Nasikhu-t-Tawarikh, Vols. I & X.<br>Miraju-s-Saadat.<br>Safar Nama-i-Shah-i-Iran.<br>Akhlaq-i-Jalali.<br>Shamsa-wa-Qahqaha.<br>Durra-i-Nadiri.<br>Waqa-i-Namat Khan i-Ali.<br>Akbar Nama.<br><br>*Poetry*—<br>Diwan-i-Hafiz.<br>Qasaid Qa'ani.<br>Shah Nama.<br>Muntakhab-i-Shaibani.<br><br>*Prosody and Rhetoric*—<br>Hadaiqu-l-Balaghat.<br>*Rhetorique et Prosodie.*<br><br>*Newspapers*—<br>Ittila'.<br>Iran<br>Hablu-l-Matin. |

(*a*) A written examination in the prescribed books, the papers set in which will include questions in grammar (including philology) and prosody. In Persian half the passages for translation will be selected from the listed works and half from works of a similar standard of difficulty.

(*b*) Written translation into English of difficult unseen passages in prose.

NOTE.—The passages will, in all languages except Sanskrit, be selected from the current literature of the day.

(*c*) Written translation into English of difficult unseen passages in verse.

(*d*) Translating into the language a difficult passage (or passages) in English with such accuracy, elegance, and idiomatic excellence as shall show eminent proficiency in the language.

(*e*) Conversing with accuracy and fluency (except in Sanskrit).

NOTE.—In the case of Arabic the candidate will be expected to converse with an Arab speaking pure Arabic. In the case of Persian the conversation may be with a native of Shiraz, Teheran or Gilan.

(*f*) Reading and translating at sight a difficult manuscript in the language.

(*g*) *Vivâ voce* translation at sight into the language of a paper in English placed before the candidate. This translation as it is made will be written by a munshi as dictated by the candidate who will be permitted to correct his translation when completed upon its being read out to him by the examiner. The time occupied in this exercise will be taken into account in awarding marks.

XII.—The honour examination will be of a searching nature, and the exercises, both oral and written, must be performed with such excellence as distinctly to establish a claim to eminent proficiency.

XIII.—Successful candidates for the degree of honour will be arranged in two divisions according to the number of marks obtained. For the first division 80 per cent. of the marks must be obtained in all subjects, and not less than 60 per cent. in any one paper; for the second division, 60 per cent. must be obtained in all subjects, and not less than 45 per cent. in any one paper. The reward and diploma will be granted only to candidates passing in the first division and their names only will be published in the *Gazette of India*. Those passing in the second division will be deemed to have passed for the purposes of leave and travelling allowance rules, but they will not be allowed the benefit of these rules on a second occasion, should they elect to compete again for the reward of a degree of honour.

*List of authorized or recommended text-books.*

EXTRACTS FROM THE CIVIL SERVICE REGULATIONS.

*Examination Leave of Absence.*

The following extracts from the Civil Service Regulations are given for the purpose of easy reference:—

279. In cases not specially provided for in this section permission to appear at an optional examination prescribed by Government in any of the Oriential languages carries with it the grant of joining time (excluding the time allowed for preparation) to and from the place of examination, besides leave for the day or days of examination.

280. (*a*) A candidate for a reward for the higher standard in Arabic or high proficiency in Arabic or Persian, may be allowed either (i) leave for one month before the examination and, if he passes, for another month after it or (ii) if he undertakes to spend it in study under professional tuition at a presidency town, the whole period of two months before the examination.

(*b*) An officer who is a candidate for the degree of honour in Arabic or Persian may be allowed, instead of the leave for two months provided in clause (*a*), leave for four months to Persia for Persian, and for six months to Arabia, Mesopotamia, Egypt or Syria for Arabic. In the case of officers of the Political Department of the Government of India, this leave may be granted even when they are candidates only for the higher standard or high proficiency test in either of the two languages.

(*c*) Privilege leave may not be granted in continuation of the month's leave after examination admissible under clause (*a*), but otherwise leave under this article may be combined with privilege leave, provided that privilege leave prefixed to leave under clause (*b*) must be spent in, or in travelling to, one of the countries mentioned in the clause.

(*d*) An officer on leave under this article has a lien on his appointment substantive or officiating, and is entitled to leave allowances, as if he were on privilege leave, for an aggregate maximum period of twelve months.

* * * * * * *

NOTE.—Leave granted under article 280 covers the whole period of absence from regular duty including the day or days of examination and the time spent in proceeding to and from the place of examination. The leave cannot be taken in instalments.]

282. Except as provided in article 280, no kind of leave, except furlough on medical certificate, may be granted in continuation of examination leave.

## ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

### MUNICIPAL AND LOCAL.

### NOTIFICATIONS.

*No. 2078L.S.-G.—The 28th October 1905.*—It is hereby notified for general information that, in exercise of the power conferred on him by section 139 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to confirm the following by-laws which have been framed by the District Board of Burdwan under that section:—

Burdwan.

*By-laws framed by the District Board of Burdwan under section 90 of the Bengal Local Self-Government Act, III of 1885, for the improvement of water-supply.*

DEFINITIONS.

"A reserved tank or well is a tank or well under the control and administration of the District Board, which the District Board has reserved by public notice for the supply of water for drinking and for culinary purposes. A notice-board on the edge of a tank or well containing the words 'reserved tank' or 'reserved well' or words to that effect shall be deemed to be sufficient notice for the purpose of this definition"

"All places from which water can flow directly into a reserved tank or well are included in the slopes of such tank or well."

1. No person shall draw water from a reserved tank or well except for drinking, culinary or household purposes save by express permission of the District or Local Board.

2. No person shall bathe or wash his own body or any portion of his body or that of any other person or wash clothes in any reserved tank or upon the banks, slopes or sides of any reserved well or tank.

3. No person shall allow his cattle as defined in the Cattle Trespass Act, I of 1871, or his ducks, geese or other birds to enter the water of any reserved tank or shall wash any such animal in or on the banks, slopes or sides of any reserved tank or well.

4. No person shall commit nuisance in or on the banks or slopes or sides of any reserved tank or well or throw any filthy substance into or in any way pollute the water thereof or allow the water of any sink, sewer or cess-pool or privy or any offensive matters belonging to him or being on his land to flow thereinto.

*Explanation*—Steeping jute or bamboos in a reserved tank amounts to an offence under this by-law.

5. No person shall cut sods or grass or remove earth or grass from the sides or slopes of any reserved tank without express permission of the District or Local Board.

6. No person shall allow any trees, bamboos or other vegetation growing on land in his occupation to overhang any reserved tank or well so as to foul the water of such tank or well, or fail to cut and remove the same after reasonable notice.

7. No person shall cultivate the banks, slopes or sides of a reserved tank or well except in any manner approved by the District Board or Local Board or Union.

8. No person shall erect any hut or house upon the banks, slopes or sides of a reserved tank or well without the permission of the District or Local Board or Union.

9. No person shall catch fish in a reserved tank without the permission of the District or Local Board or Union.

10. The penalty for the breach of any of the above by-laws shall be a fine not exceeding Rs. 20 in the case of by-laws Nos. 5, 6, 7 and 9, Rs. 25 in that of No. 1, and Rs. 50 in that of Nos. 2, 3, 4 and 8.

Birbhum.

# THE INDIAN LAW REPORTS.

*Published in FOUR SERIES, viz.:*

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

## PRELIMINARY FORECAST OF THE BHADOI CROPS OF BENGAL, 1905.

THE following note is published for general information.

R. W. CARLYLE,
*Offg. Chief Secy. to the Govt. of Bengal.*
*The 4th November 1905.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

*Preliminary forecast of the Bhadoi crops of Bengal, 1905.*

*Explanatory.*—By far the most important *bhadoi* food crop of the Province is Autumn paddy. It covers nearly 60 per cent. of the total area under *bhadoi* crops. In Bihar and Chota Nagpur the most important *bhadoi* crop is maize, a good deal of *marua* and *jowar* being also grown; but all these are practically unknown in Central and East Bengal or in Orissa. The most important non-food crop is jute which again is practically unknown in Bihar and Chota Nagpur: but jute is not dealt with in this forecast, as a separate forecast is devoted to it.

*Character of the season.*—Both in March and April the rainfall was heavy and general all over the Province. In May, too, there was good rain, the fall being generally equal to the normal. But June was a very dry month, the fall being, excepting in North Bengal, very scanty indeed. July, however, brought good rain all over the Province. In August, there was deficiency in Orissa and Chota Nagpur, but the fall was very heavy and continuous in North and East Bengal and also in Bihar. In September, up to now there has again been very heavy rain in this tract. But in Orissa and parts of Chota Nagpur the fall has continued only moderate if not light. Damage by heavy rain and floods has been reported from parts of the 24-Parganas, Howrah, Hooghly, Bogra, Backergange, Faridpur, Mymensingh, Champaran and Darbhanga; while scanty rainfall has affected the outturn in Orissa and Chota Nagpur. The season on the whole has been very unfavourable. Maize and *marua* have suffered most.

*Area sown.*—The Collectors of Hooghly, Howrah, Mymensingh, Jalpaiguri, Rangpur, Bhagalpur and Balasore have revised the normal areas under *bhadoi* crops in their respective districts. The normal area under these crops for the Province (excluding the area under jute, cotton and *bhadoi til* for which separate forecasts are issued) now stands as 13,286,500 against 13,379,400 acres shown in the final

forecast of last year. The actual area sown this year (*bhadoi* food and non-food crops, excluding jute, etc.) is 12,189,200 against 12,151,200 acres shown last year, but which according to revised returns should stand as 12,458,100 acres.

The area under *bhadoi* food crops this year is 11,553,200 acres against 11,819,500 acres of last year.

*Outturn.*—Only three districts, *e.g.*, Jalpaiguri, Purnea and Balasore, return a normal crop, while Darjeeling alone shows above the normal. Rajshahi and Malda report respectively 95 and 93 per cent. Fourteen districts report between 80 to 89 per cent; sixteen between 70 to 79; four between 60 to 69; while six districts, *e.g.*, Backergange, Monghyr, Muzaffarpur, Saran, Howrah and Darbhanga, show 50 per cent and under.

The total outturn of the *bhadoi* crops as estimated by the District Officers comes to only 74 per cent.
